SUBJECT: COLLEGE OF CONTINUING EDUCATION ATTENDANCE ACCOUNTING  
POLICIES AND PROCEDURES

**The following Attendance Accounting Policies and Procedures are to be followed by all College of Continuing Education (CCE) Faculty and Classified Professionals.**

**Online Classes (includes Fully Online, Hybrid, and Hyflex):**

- All students must be enrolled in the College of Continuing Education course they are attending. Students should not be attending hybrid, hyflex, or online sessions without being enrolled. Student hours cannot be claimed for students who are not enrolled for the course.
- **All students attending a hybrid or hyflex course in-person (on- or off-campus) must sign the Class Attendance Verification (CAV) form for that course.** The purpose of the student sign in is for tracking students on- and off-campus locations for emergency situations, not for tracking attendance hours. Each instructor is responsible for assuring the documentation of student sign in is correct. Students are required to sign their own name on the CAV; instructors should not sign for students. When instructors sign their CAV's they are verifying that the information (student names, signatures, etc.) on the CAV is complete and accurate and that students are officially enrolled in the course. CAV's shall be turned in on a weekly basis no later than the following Monday by 9:00pm. *Daily Student Attendance Hours are not to be input online for the in- person portion of a hybrid or hyflex course.*

    - CE West City Attendance: [CEWestCityAttendance@sdccd.edu](mailto:CEWestCityAttendance@sdccd.edu)

- **Student Hours are required to be input online by instructors via Campus Solutions Attendance/Grade Roster at three points in time.** The three points in time are 1<sup>st</sup> census (dropped students only\*), 2<sup>nd</sup> census (dropped students only\*) or End of Class (all students not previously dropped). Student hours are not reported daily for hybrid, hyflex, or online classes.

*\*In rare circumstances students completing class competencies before the end date of the class may be awarded hours at a 1<sup>st</sup> or 2<sup>nd</sup> census. Please confer with the Admissions & Records Department, [SDCCEAdmissionsRecords@sdccd.edu](mailto:SDCCEAdmissionsRecords@sdccd.edu).*

- **Computing and Reporting Student Hours:**
  - For fully online, hybrid or hyflex courses, a full week of instruction is Monday – Saturday.
  - In order for a student to be considered as a participating student for a hybrid, hyflex or online course, they must have participated in some course activity during the full week of instruction prior to the census date.
  - Students not participating within the first week shall be dropped from the course with 0 (zero) hours by the Monday following the first week of instruction. *(e.g. First week of the course is June 12<sup>th</sup> – June 17<sup>th</sup>, students not participating within this week shall be dropped by Monday, June 19<sup>th</sup>)*
  - At 1st census, students with participation, but did not participate during the full week of instruction prior to the census date shall be awarded 20% of the total hours of the class and dropped from the course.
  - At 2<sup>nd</sup> census, students with participation, but did not participate during the full week of instruction prior to the census date shall be awarded 60% of the total hours of the class and dropped from the course.
  - At the End of Class, students who participated past the 2<sup>nd</sup> census shall be awarded the full amount of the total hours, along with grades and completion if applicable. Total student hours for attendance reporting can be found at the top of the online Attendance/Grade Roster.
  - **Note:** Student hours are only reported at one of these three points in time for each student.
- Teaching hours are not reported on the Attendance/Grade Roster.
- Census Dates are displayed on the online Attendance/Grade Roster.
- **Census date attendance reporting shall be completed online no later than one week after the course census date.** *(e.g. 1<sup>st</sup> census date: Wednesday, June 21<sup>st</sup>, reporting deadline for students that will be dropped with hours is Wednesday, June 28<sup>th</sup>)*

- **Syllabi language (information below must be added to course syllabi):**
  - **Class Attendance/Participation**  
Regular participation is expected in all courses. Please communicate with the instructor if you cannot attend because of illness, religious observation, or serious problems. Any student who is not participating may be dropped at the instructor's discretion (see drop policy). Those students receiving Veterans Benefits or CalWORKs must comply with the attendance requirements specific to these programs.
  - **Drops**  
The instructor may drop students who do not participate in the first week of class. Students must communicate with the instructor if they can no longer attend the class. If you have participated but do not request to be dropped before the 60% point (2nd census) of the class, you will receive an evaluative grade—note: classes that include student grading will be noted in the syllabus.

### **In-Person Classes:**

- All students must be enrolled in the College of Continuing Education course they are attending in order to sign the Class Attendance Verification (CAV) form for that course. Student hours cannot be claimed for students who are not enrolled for the course.
- Instructors are responsible for the accurate computation of individual student hours and for the totals at the bottom of the CAV. Every CAV must have totals for Students and Student Attendance Hours written in at the bottom. When instructors sign their CAV's, they are verifying that the information (signatures, time, and computations) is complete and accurate and that the students are officially enrolled in the course.
- Student hours recorded on the CAV's must be exactly the same as the hours recorded for that student on the attendance/grade roster.
- Computing student attendance hours:
  - All courses except High School and Office Skills Labs and Attendance Tracking compute attendance hours by rounding to the nearest half hour:
    - Less than 15 minutes = round down
    - 15 minutes or more = round up
    - A half hour on the CAV should be reported as .5
  - High School and Office Skills Labs and Attendance Tracking
    - All attendance accounting in these classes is done to the nearest quarter hour.  
(See attachment #1)
    - Separate class numbers are required for each course taught and students must sign in and out on the CAV for each course.
    - Students enrolled in multiple courses in a High School or Office Skills Lab must sign in and out on the CAV for the course they are working on. If they are working on multiple courses, their attendance hours for each course may not overlap.
    - Students enrolled in multiple courses using Attendance Tracking must scan in and out according to the course they are working on. If they are working on multiple courses, their attendance hours for each course may not overlap.

- Each instructor is responsible for assuring the documentation of the time in and out for all students is correct. Students are required to sign their own name, and in and out times on the CAV; instructors should not sign for students. If a student is physically unable to sign the CAV, an instructor should print the student's name and the time in and out, and initial next to the student's name. If on a rare occasion, a student forgets to sign the CAV or forgets to put a time in or a time out or makes an error, instructors may print the correct information, and must place their initials next to all altered/entered information.
- Time cannot be claimed for a student outside of the scheduled time of the class.
- All students who arrive to class more than 15 minutes late and/or leave more than 15 minutes before the scheduled end of the class are required to record the time they arrive/leave next to their name on the CAV.
- Each instructor using the Attendance Tracking System is responsible for assuring all students scanned in and out correctly on a daily basis. Corrections should be submitted to the Attendance Staff no later than the next business day.
- **Daily Student Attendance Hours are required to be input online by instructors via Campus Solutions Attendance/Grade Roster.** Student attendance hours should be entered online daily. After the student attendance hours and teaching hours have been entered and saved for the particular week, the Weekly CAV Summary should be printed, signed and turned in with the original CAV's attached. CAV's shall be turned in no later than the following Monday by 9:00pm after the last class meeting.

**ROSTER DEADLINES ARE LISTED AT THE TOP OF EVERY ONLINE ROSTER**

- **Attendance/Grade Rosters are required to be input online by instructors via Campus Solutions Attendance/Grade Roster.** Attendance/Grade Rosters will be available to view online four weeks prior to the beginning of the semester. Instructors should audit their rosters to verify that every student who is attending their class has registered and is listed on the roster.
- **Rosters are required to be completed and submitted online via Campus Solutions no later than one week after the class has ended.**
- It is the instructor's responsibility to see that every Paper Application Form (when applicable), CAV, CAV Summary and Final Roster is filled out completely and correctly. It is also mandatory that CAV's are turned in promptly to meet established reporting deadlines (**SEE STUDENT ATTENDANCE INFORMATION DEADLINES ON PAGE 6**). Attendance Staff will not remind instructors to turn in Paper Applications or CAV's. All original Paper Application Forms, CAV's and CAV Summaries must be turned in at the appropriate College of Continuing Education Campus each week. Paper Application Forms, CAV's, CAV Summaries and Final Rosters can be sent via inter-district school mail from campus to campus but cannot be sent U.S. mail or faxed. If sending via inter-district school mail it is the instructor's responsibility to make sure the envelope is addressed correctly. Attendance deadlines must still be met even if sending attendance paperwork by inter-district school mail.
