Survey Instrument32

PURPOSE

The San Diego College of Continuing Education (SDCCE) asked the Office of Planning, Research, and Institutional Effectiveness (PRIE) to conduct a study with the following objectives:

1. Gain situational awareness regarding changes in enrollment plans among students already enrolled in classes in-person during Spring 2022.
2. Measure the impact of the recent COVID surge in enrollment plans among students considering changing their decision to attend in-person classes during Spring 2022.
3. Emphasize SDCCE's commitment to ensure the health and safety of its students considering changing their decision to attend in-person classes at SDCCE during Spring 2022.
4. Measure the comfort level in receiving in-person classes and services among students considering changing their decision to attend in-person courses at SDCCE during Spring 2022.
5. Identify potential actions to increase students' level of comfort in receiving in-person classes and services during Spring 2022.

METHODOLOGY

- Type: Online survey, confidential
- Campaign: 2-week open, invites/reminders sent out via generic emails and texts through of the app "EZ-Texting" from the Office of Student Service (OSS)
- English language*
- 6-17 questions (depending upon population), including one open-ended response (OE responses translated from Spanish to English, listed verbatim with names redacted; no coding)
- There three identified populations: A, B, and C.
 - A. SDCCE students who are enrolled in on-campus (Hybrid/Fully on campus) classes in Spring 2022 (approximately 1,736)
 - B. SDCCE students enrolled in Spring, Summer, or Fall 2021 but not enrolled in Spring 2022 (approximately 12,122)
 - C. SDCCE students applied but were not enrolled in Spring 2022 (this is a kind of student is considered "To Be Determined" TBD)

* We cannot convert this pilot to Spanish due to branching and translation version complications. If everything goes well for this pilot survey, we will prepare a similar survey in both English and Spanish each January and September in preparation for the new term."

PRIE conducted online data collection among SDCCE students throughout April and May 2021. A total of 1,460 surveys were completed.

RESULTS

Table 1 shows the total number of students in each group of the population who answered the survey.

Table 1. Total Respondents from the Spring 2022 Enrollment Monitoring Survey

| Already Enrolled for In-Person Classes | | | | | | |
|--|-------------|------------|------------|-----------------|------------------|----------------------|
| Population | Overall | CTE | Non-CTE | ABE + ASE + ESL | Basic Needs Flag | Digital Pillars Flag |
| A | 350 | 162 | 164 | 64 | 113 | 99 |
| Attended Classes in 2021 but have not Enrolled for Spring 2022 | | | | | | |
| Population | Overall | CTE | Non-CTE | ABE + ASE + ESL | Basic Needs Flag | Digital Pillars Flag |
| B | 1110 | 588 | 437 | 510 | 510 | 339 |

The survey was answered by 350 students from population A, 1110 from population B, and one student from population C, however, this student’s response was not reported due to only one question answered. There are five categories for each population. The first category includes students enrolled in Career Technical Education (CTE) (e.g., Automotive, Business and Accounting, Child Development, Clothing and Textiles, Digital Media and Programming, Healthcare, Hospitality, and Culinary Arts, Information Technology, Skilled and Technical Trades). The second category includes students enrolled in non-CTE (e.g., Disability Support Programs and Services, Emeritus (for age 55+), English as a Second Language/Citizenship, and High School Diploma/High School Equivalency, and Basic Skills). The third category includes students considered as Adult Basic Education (ABE), Adult Secondary Education (ASE), and English as a Second Language (ESL); these students are enrolled in English as a Second Language/Citizenship and High School Diploma/High School Equivalency programs and are categorized as “ABE+ASE+ESL”. The fourth category, Basic Needs Flag, consists of students who faced financial difficulties during the last 12 months. Finally, the Digital Pillars Flag category consists of students who faced problems attending online classes.

Some results are presented below. For instance, 75% of students in population A plan to attend in-person classes at SDCCE this Spring (see question 1); meanwhile, 67% in population B plan to attend SDCCE this Spring (see question 10). Sixty-two percent (62%) of students from population A decided to attend in Spring 2022 due to concerns regarding the surge in COVID-19 cases (see question 2). Twenty-seven percent (27%) of students from population B were worried about the rise in COVID-19 cases (see question 11). Fifty-five (55%) of the students from population A were concerned about COVID-19 cases (see question 3). Only 17% of students in population B were worried about the surge in COVID-19 cases (see question 12). Forty percent (40%) of students from population A feel safe and comfortable with SDCCE's measures (see question 4), and 39% of student population B did not feel safe and comfortable (see question 13) - among these students concerned about COVID-19 and did not feel comfortable there was a question about what SDCCE can do to make it safer, the results showed that 61% and 54% respectively answered that there is nothing that can be done to increase their level of comfort, (see questions 5 and 14). On a scale from 1 to 10 students from population A scored 6.9 and students from population B scored 5.6 on average when asked about starting classes online and moving to in-person in mid-February or later (see questions 8 and 17).

Among Students Already Enrolled for In-person Classes (Population A)

Q1. According to our records, you registered for in-person classes at SDCCE this spring (starting February 2nd). Which of the following options best reflects your current enrollment plans?

| Responses | Overall | CTE | Non-CTE | ABE + ASE + ESL |
|--|-----------------|-----------------|-----------------|-----------------|
| I have decided not to attend in-person classes at SDCCE this spring | 30 9% | 11 7% | 16 10% | 6 9% |
| I am not sure about attending in-person classes at SDCCE this spring | 58 17% | 20 12% | 33 20% | 8 13% |
| I plan to attend in-person classes at SDCCE this spring | 261 75% | 131 81% | 115 70% | 50 78% |
| Total | 349 100% | 162 100% | 164 100% | 64 100% |

Note 1. Rows have been sorted in descending order based on the number of responses by group.

Note 2. Percentages for each question have been calculated using only valid answers.

(Continued) Q1. According to our records, you registered for in-person classes at SDCCE this spring (starting February 2nd). Which of the following options best reflects your current enrollment plans?

| Responses | Overall | Basic Needs Flag | Digital Pillars Flag |
|--|-----------------|------------------|----------------------|
| I have decided not to attend in-person classes at SDCCE this spring | 30 9% | 11 10% | 6 6% |
| I am not sure about attending in-person classes at SDCCE this spring | 58 17% | 14 12% | 10 10% |
| I plan to attend in-person classes at SDCCE this spring | 261 75% | 88 78% | 83 84% |
| Total | 349 100% | 113 100% | 99 100% |

Note 1. Rows have been sorted in descending order based on the number of responses by group.

Note 2. Percentages for each question have been calculated using only valid answers.

Among Students Already Enrolled for In-person Classes (Population A)

Q2. What are the reason(s) for this decision? (select all that apply)

(Among those unsure + decided not to attend)

| Reason | Overall | | CTE | | Non-CTE | | ABE + ASE + ESL | |
|---|-----------|-------------|-----------|-------------|-----------|-------------|-----------------|-------------|
| An illness prevents me from attending classes | 5 | 6% | 3 | 9% | 3 | 6% | 2 | 15% |
| I am concerned about the surge in COVID-19 cases | 54 | 62% | 19 | 59% | 33 | 69% | 8 | 62% |
| I am no longer interested in classes from SDCCE | 1 | 1% | 0 | 0% | 1 | 2% | 1 | 8% |
| I decided to attend classes at a different institution | 2 | 2% | 1 | 3% | 1 | 2% | 1 | 8% |
| I do not have reliable transportation | 8 | 9% | 3 | 9% | 4 | 8% | 3 | 23% |
| I have struggled to find childcare | 5 | 6% | 5 | 16% | 1 | 2% | 1 | 8% |
| I need to take care of a family member | 7 | 8% | 5 | 16% | 4 | 8% | 4 | 31% |
| My job responsibilities prevent me from attending classes | 3 | 3% | 3 | 9% | 0 | 0% | 0 | 0% |
| I relocated outside of the San Diego region | 2 | 2% | 0 | 0% | 1 | 2% | 0 | 0% |
| Other | 19 | 22% | 6 | 19% | 11 | 23% | 1 | 8% |
| Total | 87 | 100% | 32 | 100% | 48 | 100% | 13 | 100% |

Note 1. Percentages for each question have been calculated using only valid answers.

Note 2. Respondents may have selected more than one option. Percentages reflect the response count divided by total respondents answering the question.

Note 3. Reasons were established based on the most recurrent responses to this open-ended question. During the coding process, only the main idea was extracted from open-ended responses with multiple themes.

Among Students Already Enrolled for In-person Classes (Population A)

(Continued) Q2. What are the reason(s) for this decision? (select all that apply)
(Among those unsure + decided not to attend)

| Reason | Overall | | Basic Needs Flag | | Digital Pillars Flag | |
|---|-----------|-------------|------------------|-------------|----------------------|-------------|
| | Count | Percentage | Count | Percentage | Count | Percentage |
| An illness prevents me from attending classes | 5 | 6% | 3 | 13% | 1 | 7% |
| I am concerned about the surge in COVID-19 cases | 54 | 62% | 15 | 63% | 9 | 60% |
| I am no longer interested in classes from SDCCE | 1 | 1% | 1 | 4% | 1 | 7% |
| I decided to attend classes at a different institution | 2 | 2% | 2 | 8% | 0 | 0% |
| I do not have reliable transportation | 8 | 9% | 3 | 13% | 3 | 20% |
| I have struggled to find childcare | 5 | 6% | 2 | 8% | 1 | 7% |
| I need to take care of a family member | 7 | 8% | 5 | 21% | 2 | 13% |
| My job responsibilities prevent me from attending classes | 3 | 3% | 1 | 4% | 1 | 7% |
| I relocated outside of the San Diego region | 2 | 2% | 1 | 4% | 0 | 0% |
| Other | 19 | 22% | 3 | 13% | 4 | 27% |

SURVEY INSTRUMENT

Population A

1. **According to our records, you registered for in-person classes at SDCCE this spring (starting February 2nd). Which of the following options best reflects your current enrollment plans?**

- a) I plan to attend in-person classes at SDCCE this spring
- b) I am not sure about attending in-person classes at SDCCE this spring
- c) I have decided not to attend in-person classes at SDCCE this spring

2. **What are the reason(s) for this decision? (select all that apply)**

- a) An illness prevents me from attending classes
- b) I am concerned about the surge in COVID-19 cases
- c) I am no longer interested in classes from SDCCE *
- d) I decided to attend classes at a different institution *
- e) I do not have reliable transportation
- f) I have struggled to find childcare
- g) I need to take care of a family member
- h) My job responsibilities prevent me from attending classes *
- i) I relocated outside of the San Diego region
- j) Other (please specify)

*Combine responses in analysis

3. **Which of these reasons is the most important to you?**

- a) An illness prevents me from attending classes
- b) I am concerned about the surge in COVID-19 cases
- c) I am no longer interested in classes from SDCCE *
- d) I decided to attend classes at a different institution *
- e) I do not have reliable transportation
- f) I have struggled to find childcare
- g) I need to take care of a family member
- h) My job responsibilities prevent me from attending classes *
- i) I relocated outside of the San Diego region
- j) Other (please specify)

SDCCE is committed to ensuring the health and safety of its students while providing a high-quality learning experience. To accomplish this, SDCCE is following health guidelines and regulations from the CDC, OSHA, and

San Diego County. These guidelines and regulations include mask requirements, proof of vaccination, and in-class safety protocol messaging. Considering this information, please answer the questions below.

4. **Does this information make you feel safer about taking in-person classes this spring?**

- a) Yes
- b) No
- c) I am not sure

5. **What can SDCCE do to make you feel safer?**

- a) There is nothing you can do
- b) You could... (please specify)

6. **On a scale from 1 to 10, how comfortable are you attending in-person classes this spring (starting February 2nd)?**

7. **On a scale from 1 to 10, how comfortable are you receiving in-person services such as counseling or student support this spring (starting February 2nd)?**

8. **On a scale from 1 to 10, how comfortable would you be starting classes online this spring and moving to in-person classes in mid-February or later?**

9. **Would you attend classes during Spring 2022 if the in-person classes you registered for are converted to online classes?**

- a) Yes
- b) No

Population B

10. Which of the following options best reflects your enrollment plans at SDCCE this spring (starting February 2nd)?
