SDCE Office of Institutional Effectiveness

OFFICE OF INSTITUTIONAL EFFECTIVENESS

SAN DIEGO CONTINUING EDUCATION

The purpose of the Office of Institutional Effectiveness at San Diego Continuing Education is to provide leadership in developing a comprehensive, integrated program of planning, assessment and institutional research that assists SDCE in achieving its mission and goals.

INSTITUTIONAL EFFECTIVENESS PARTNERSHIP INITIATIVE

Participate | Collaborate | Innovate

- ✓ Strategic/Integrated Planning
- ✓ Outcomes/Assessment
- ✓ Institutional Collaboration
- ✓ Communication
- ✓ SLOs, Syllabi Development
- ✓ Student Assessment
- ✓ Program review

The Office of Institutional Effectiveness, President's Office, and PIE Committee planned the day's events. PRT members came from all over California to work with SDCE faculty, administrators, and classified professionals to gather information and establish scope. Based on the information provided during this first visit, the team will return with a list of "Primary Success and Menu of Options" to consider in developing SDCE's Innovation and Effectiveness Plan. Thanks to all who participated and their openness throughout the process!

It is with great pleasure that we announce Jessica Luedtke, Research and Planning Analyst in the Office of Institutional Effectiveness (OIE), has been elected as California Association for Institutional Research (CAIR) 2018 Vice President and 2019 President. It has been over a decade since CAIR's leadership was a community college researcher and the first time a noncredit researcher will be in either the Vice President or President Position!

CAIR is dedicated to the fostering of unity and cooperation among persons involved in institutional research and planning among all sectors of California's institutions of postsecondary education. They promote the continued professional development of individuals engaging in institutional research and planning, and provide a forum for the dissemination of information and interchange of ideas on problems in institutional research and planning.

Congratulations Jessica for your continued leadership within the California research community along with your noncredit advocacy work!
