OIE SUPPORTING SDCE STRATEGIC GOALS

GOAL 5: STRENGTHEN INSTITUTIONAL EFFECTIVENESS THROUGH INTEGRATED PLANNING AND RESOURCE ALLOCATION...

campuslabs Planning System

The Institutional Effectiveness team has been working with CampusLabs staff to ensure that data and reports will be helpful, accurate, and user-friendly. Once implemented, this new integrated planning platform will enable you to view your various plans (i.e. Strategic Plan, AEBG) in one location with relationships identified between the plans. Soon we will go live with a small group of test users!

The Office of Institutional Effectiveness is currently working on the next iteration of the *Noncredit Survey*, which in 2016 collected baseline data for future trend analysis. Survey recipients are being identified and questions edited based on feedback obtained internally and throughout our statewide presentations.

We are members of the Research and Planning (RP) Group for the California Community Colleges, and our work is guided by the Association for Institutional Research (AIR) Code of Ethics and Professional Practices and the American Evaluation Association Guiding Principles for Evaluators.
