JANUARY 2023

SPRING FLEX
Spring FLEX is the annual kick-off for SDCCE's student learning outcomes assessment cycle! During Spring FLEX 2023 program meetings, faculty will review course SLOs, select an SLO to assess, and plan an assessment activity for students to demonstrate mastery of the SLO. Access video presentation of the process here.

SLO ASSESSMENT WEEK 2023
SLO Assessment Week is our opportunity to celebrate teaching and learning through workshops and data dives on assessment practices to foster student success. This year marks SDCCE's 3rd annual SLO Assessment Week and will be held April 3 -7.

SLO CAMPAIGN
The SLO Taskforce has been working on a new SLO campaign to be launched during Spring Flex -- *Everbody Knows SLOs*. This collaborative effort includes a short, fun video featuring our students demonstrating SDCCE's institutional learning outcomes. Many thanks to the very talented Allura Garis, videographer David Brooks, the creative genius of Stacy Surwilo and the generosity of Chef Lee Blackmore.
