Carlos O. Turner Cortez, Ph.D.
President
Continuing Education

Dear Students,

Each spring semester marks the beginning of planning for celebrations that will honor completion—including annual commencement, when the Class of 2020 will be recognized. At San Diego Continuing Education (SDCE) we celebrate students who complete a diploma, a training certificate, a program or even just one class. Completing education is a defining moment for many adults who are improving skills, learning something new or simply keeping aging minds and bodies active.

Many SDCE graduates will continue education in college, transition into employment or pursue small business opportunities as local entrepreneurs. SDCE has received the great honor of being named the 2019 Heather Van Sickle Entrepreneurial College of the Year by the National Association of Community College Entrepreneurship. Thousands of students complete free classes that support small businesses in areas such as planning, marketing and utilizing technology. Students also access maker lab spaces to network with faculty and fellow students who are making careers within the gig economy. Many programs are offered in traditional classrooms and also online. Later this year SDCE will launch the ICOM Academy, which will offer fast, free, flexible and fully online classes. You can learn more about ICOM Academy at sdce.edu.

I wish you a successful semester and look forward to celebrating with many of you at commencement in June.

Sincerely,

Carlos O. Turner Cortez, Ph.D.
President

MARIE AUGUSTIN

Marie Augustin was born in Les Cayes, Haiti, where she walked 15 miles every day to attend school. "Most of my friends quit going to class. I didn't quit because I knew that getting an education was the only way to make a life." After achieving her diploma, she worked as a business analyst. Augustin left her home country after the 2010 Haiti Earthquake, which killed more than 230,000 people. She found her way back to a meaningful education through SDCE's free Vocational English a Second Language (VESL) program. She completed VESL, six career training certificates, and is currently enrolled in SDCE's Citizenship course. "VESL changed my life. I learned how to write a resume in English, how to do an interview, and about American civics." She now works as an English, French and Haitian Creole Interpreter for a private company that serves San Diego County.

Welcome

San Diego Continuing Education

San Diego Continuing Education (SDCE) provides adult education for the San Diego Community College District (SDCCD). SDCE is the largest, separately accredited continuing education in the United States, and serves approximately 40,000 students each year at seven main campuses around San Diego.

Classes are noncredit, which means they do not earn college credit. Students attend noncredit classes for many reasons. Some are preparing for college, others have plans to complete a certificate program for specific job training, and many are looking to sharpen career skills, or attend personal enrichment classes.

Most classes are free because of affiliation with the California system of higher education. Funding also comes through business and industry partnerships. Classes in SDCE's Community Education program (professional and personal enrichment) have a low fee.

Calendar

Spring semester classes begin January 27, 2020 and end June 3, 2020. Classes meet throughout the spring semester unless noted within the class information. No classes on the following holidays/breaks:

02/14/20	Lincoln Day
02/17/20	Washington Day
03/29/20-04/04/20	Spring Break
04/03/20	Cesar Chavez Day
05/25/20	Memorial Day

No Saturday or Sunday classes after a Friday holiday. No Sunday classes before a Monday holiday. Classes held at off-site locations will follow the calendar of the off-site location.

Application/Registration

Online application and registration is required for most classes. Many classes operate on an open-entry open-exit format. Students are served on a first-come, first-served basis. Minimum attendance is necessary for classes to be held. Be certain to attend the first day of class to reserve your space. Enrolling is easy.

Parking Information

Student parking permits are required to park at all SDCE campuses. Students at Mid-City Campus, North City Campus, West City Campus and Cesar E. Chavez Campus may purchase permits that are valid on these four campuses for \$40 per semester. Visit the bookstore or the Student Services office at your campus for more information.

Eligibility

If you are 18 or older and a resident of California, you may attend classes. If you are under 18 and a high school graduate, married, or in the military, and a resident of California, you may also attend. Contact Student Services if you have questions about attending classes. Regulations set by USCIS (United States Citizenship and Immigration Services) prohibit individuals in the U.S. with an F-1, B-1 or B-2 (visitor) visa, or with a border crossing card from attending Continuing Education classes.

Orientation

Many programs require assessment and/or orientation. If required, pre-registration or orientation will be noted in the program information. You can sign up for an orientation session online at sdce.edu or by calling the Student Services office at the campus where the class meets. The contact information is listed with the class information.

Noncredit (no fee) Registration for Continuing Education Students

1. Apply online at: <http://www.sdce.edu/services/registration-enrollment> (new students must complete an application online; returning students must update their application online)
2. Obtain a student attendance card at any campus (card is required)
3. After you have completed (or updated) your application online and have a student attendance card, you can obtain an access code from the instructor at the first class meeting
4. After you have a permission number (access code), register online using the code and the class CRN (special number for each class); please note that a separate access code is needed for each class

Student Services

VISION

To be the leader in innovative education that transforms students' lives

MISSION

San Diego Continuing Education commits to student success and community enrichment by providing accessible, equitable, and innovative quality education and support services to diverse adult learners in pursuit of lifelong learning, training, career advancement, and pathways to college.

Associated Student Body (ASB)

The purpose of the Associated Student Body (ASB) is to promote the interests and welfare of students and the campus community. Membership is open to all students and is voluntary. Participating students are encouraged to purchase an ASB membership sticker and actively participate in representing the interests and concerns of the Continuing Education student body regarding school matters. Membership is \$4.00 for the full school year and can be purchased in the main office at each campus. See the ASB Advisor or a counselor at your campus for more information.

Counseling

Continuing Education and Support Services counselors work with you to ensure your success. Whether you are pursuing your High School Diploma or equivalency, courses for Certificate Programs, or preparing for transition to college, our counselors are available to help. Contact the Student Services office at any of our seven campuses to access counseling and student services including:

- » Assessment (reading and math) for placement into classes
- » Orientation
- » Student education plans and Counseling
- » Student Follow-up

Career Services

Career Services helps students individually and in seminars with career planning and job search training including career assessment and exploration, resume preparation, and interview techniques. Contact the Student Services office at any campus for an appointment and seminar schedule, and more resources at sdce.edu/services/cds

Rising to Success (R² Student Equity Centers)

R²S, Student Equity Centers, provide supportive and safe environments to inspire and empower people, cultivate lifelong learning, create lasting solutions for social justice, and strengthen communities by providing unparalleled access to support services, resources and referrals, and specialized programs for students. Dedicated R²S counselors increased access, enrollment, and completion, promoting student success.

New Horizons

New Horizons provides CTE students individual and group career advising, expanded resources and referrals, career exploration, work readiness, and additional student support services. Priority is given to eligible students in a nontraditional area of study such as women in welding and men in child development courses and programs.

CalWORKs

CalWORKs assists students receiving public assistance to achieve self-sufficiency through coordinated academic and student services. CalWORKs student support services include counseling, work readiness, paid and work study, employment skills training, and expanded resource and referrals.

Disability Support Programs and Services (DSPS)

Disability Support Programs and Services (DSPS) supports students in their personal, educational, and vocational goals. Examples of services include enrollment assistance, interpreters for Deaf students, use of special equipment and adaptive devices, and specialized counseling and referral. Eligible students who have a verifiable disability will qualify for support. Contact DSPS to find out more. Please see p50 for more information regarding services and classes.

Consider Community College

If you are thinking about college, consider brushing up on basic skills (e.g. math, English or computers) to prepare yourself for success. Continuing Education classes give you an advantage. Research shows a similar (or even greater) success rate for students who enroll in free basic skills classes before going to college. Contact the Student Services office at any campus and speak to a counselor about your options.

San Diego Gateway to College and Career

Young adults, who are ages 18-24 years old, can connect with San Diego Gateway to College and Career if they require additional services such as mentoring, case management, motivational supports, paid internships and job placement assistance in order to achieve their educational and career goals. This program is dedicated to helping students overcome barriers to their successes, personally and professionally, and continues to support them as they transition to college and/or employment. There are specific eligibility requirements.

San Diego Promise

This program pays for the enrollment fees at San Diego City, San Diego Mesa and San Diego Miramar Colleges, and provides continued support until students accomplish academic goals. Speak to a counselor about availability and eligibility for this program.

Back 2 Work Veteran Outreach Program (VOP)

Back 2 Work, a partnership program with Butte County Office of Education and SDCE's R²S, helps Veteran students overcome employment barriers and get them back into the workforce. Veterans served through the program face many challenges in attaining successful, sustainable employment. The program supports eligible Veteran students through work readiness and apprenticeship opportunities.

SDCEats!

SDCEats! supports students and the communities we serve that are impacted by food insecurity. In partnership with SDCE's Foundation, Feeding San Diego, and the San Diego Rescue Mission through Partners for Hunger Relief, SDCEats! operates as a choice pantry and free farmer's market. Shoppers receive weekly points for use on campus and select fresh and ripe produce at monthly food distributions providing food resources to increase students' ability to concentrate in school and be successful in classes. SDCEats! is located at the Educational Cultural Complex.

MARIO SANDERS

Mario Sanders, United States Marine Veteran, enrolled in SDCE's Acquired Brain Injury (ABI) program after suffering a severe motor vehicle collision in 2016. Following the accident Sanders was transferred from serving as active duty to the Wounded Warrior Battalion at Camp Pendleton, where he learned about SDCE's free ABI program during therapy. "If I hadn't discovered this program, I don't think I would be as accepting with my brain injury as I am now," he said. "When I was discharged from the hospital, I believed school was definitely not for me anymore. I'm now attending college, something I never would have done." Sanders is dually enrolled at San Diego Miramar College and will complete an Associate in Arts in Kinesiology for Transfer Degree.

FREE CAREER TRAINING

ABOUT

San Diego Continuing Education offers free Career Training in many subject areas, including the programs shown in this section.

Traditionally called vocational training, Career Technical Education classes teach skills related to a specific industry. You learn with hands-on training in a real-work environment. Instructors have many years of experience in the industry and know the skills you need to enter the workforce as a trained employee.

The equipment in the training facilities and classrooms follows recent trends in technology in teaching.

Classes usually require orientation prior to enrollment; however, many classes are open-entry/open-exit which means you complete classes at your own pace. When you finish all the classes required for a program, you receive a signed Certificate of Completion that verifies your education, and the skills you learned.

All classes are free. Materials and book fees vary for each class. Learn more during an orientation.

HOW

Most certificates require orientation prior to enrollment. Contact information is listed within each program.

A Continuing Education student attendance card is required for all students. You may obtain a card in the Student Services office at any Continuing Education campus. Read more about Application/Registration on p3.

Some classes are not listed here due to availability. Many programs are popular, and have an interest/wait list. Contact us early to understand orientation and placement requirements.

Learn more at **sdce.edu**

CERTIFICATE PROGRAMS

AUTO BODY AND PAINT TECHNICIAN

600 hours. Attend 25 hours per week for 24 weeks.

Examples of jobs you may be qualified for after completion of this program:

**Auto Body Technician/
Auto Body Painter** **\$26,170-72,650/yr.**

(AUTO 411, 411A) Entry level skills required for employment in auto body repair and related industries. Learn how to use hand and power auto tools, how to remove and install auto body panels, parts, and glass. You'll also learn how to prepare a vehicle for paint, and how to use high transfer paint equipment. Guided practice in a simulated work environment, sanding, masking, detailing, spot painting, complete body painting, collision repair, and glass installation. Instruction is based on standards developed by the National Automotive Technicians Education Foundation (NATEF), and is an Industry Conference on Auto Collision Repair (I-CAR) certified training course.

Classes are free. Materials fee of approximately \$100 for tools and supplies. Orientation and pre-registration required prior to enrollment. Visit sdce.edu/job-training/automotive

Educational Cultural Complex
4343 Ocean View Blvd./92113 619-388-4956

Mornings **M/T/W/Th** **06:45-01:00pm**
Evenings **M/T/W/Th** **05:15-09:30pm**

Requires completion of two courses:

AUTO 411 Auto Body and Paint Technician
AUTO 411A Auto Body and Paint Technician

AUTO TECHNICIAN

920 hours. Attend 25 hours per week for 39 weeks.

Examples of jobs you may be qualified for after completion of this program.

Automotive Service Technician **\$22,880-72,260/yr.**

(AUTO 507, 507A, 507B) Learn safety procedures, correct use of hand tools and equipment; how to diagnose and repair problems with engines, brakes, suspension, steering, electronics, and fuel systems. Tune-up and drivability; electrical and computer controls; front and rear suspensions; brakes, including ABS; gasoline engine repair; transmission and axles. Lessons are based on best-practice industry standards from the National Automotive Technician Education Foundation (NATEF). Topics include analysis, diagnosis and troubleshooting techniques required to repair computer-controlled automotive engine management systems; use and interpret scan tool and labscope data, and analysis of exhaust gas. Prepares students for ASE certification exams and includes California Smog Inspector license training.

Classes are free. Materials fee of approximately \$135-150 for textbook and supplies. Mandatory orientation and pre-registration required at sdce.edu

Educational Cultural Complex
4343 Ocean View Blvd./92113 619-388-4956

Mornings **M/T/W/Th** **07:00-01:15pm**
Evenings **M/T/W** **05:30-09:30pm**

Requires completion of three courses:

AUTO 507 Auto Technician
AUTO 507A Auto Technician
AUTO 507B Auto Technician

SERVICE ADVISOR PROGRAM

300 hours. Attend 25 hours per week for 13 weeks.

Examples of jobs you may be qualified for after completion of this program.

Cost Estimator

Automotive Parts Sales **\$21,220-59,750/yr.**

Service and Sales Rep **\$25,410-119,120/yr.**

Service Station Technician **\$24,190-73,410/yr.**

(AUTO 508, 508A) Learn the skills that you need to become an Automotive Service Advisor for both small and large independent garages and dealerships. The

program covers the overall role of the service advisor, including customer service and communication skills, writing repair orders, estimating parts and labor costs. You will also gain a basic understanding of vehicle systems, functions, service requirements and parts including original equipment manufacturing and aftermarket parts identification.

Classes are free. Orientation and pre-registration required prior to enrollment. Visit sdce.edu/job-training/automotive

Educational Cultural Complex
4343 Ocean View Blvd./92113 619-388-4956

Evenings **M/T/W/Th** **03:30-09:45pm**

Requires completion of two courses:

AUTO 508 Service Advisor I
AUTO 508A Service Advisor II

QUICK SERVICE INSPECTION TECHNICIAN

162 hours. Complete in 13 weeks.

Examples of jobs you may be qualified for after completion of this program.

Quick Service Technician **\$22,880-72,260/yr.**

(AUTO 600, 601) Inspect vehicles, prepare estimates, change fluids and learn correct hazardous waste disposal. Learn the various uses of hand tools and power tools for automotive repair.

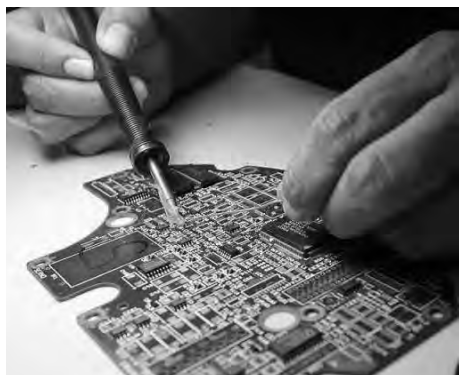

Classes are free. Materials fee of approximately \$135-150 for textbook and supplies. Orientation and pre-registration required prior to enrollment. Visit sdce.edu/job-training/automotive

Educational Cultural Complex
4343 Ocean View Blvd./92113 619-388-4956

Mornings **M/T/W/Th** **10:30-01:45pm**
Evenings **M/T/W** **04:30-09:30pm**

Requires completion of two courses:

AUTO 600 Quick Service Technician
AUTO 601 Automotive Intro and Safety

CERTIFICATE PROGRAMS

ELECTRONICS TECHNICIAN

900 hours. Attend 25 hours per week for 36 weeks.

Example of a job you may be qualified for after completion of this program:

Electronics Technician **\$40,370-99,770/yr.**

(ELRN 451, 452) Wires and parts interest some people. If you like to work with your hands, have good eyesight and a commitment to precision, this may be a good career for you.

Designed to teach skills required for entry-level employment as an electronic technician. Learn fundamentals of electricity, DC and AC circuit theory, electronic devices, and basic communications electronics. Instruction includes the operation of test instruments, basic programming, problem solving, and safety practices. Instruction is in a simulated workplace enabling students to gain necessary skills for employment.

Instructors are field engineers currently employed by local firms to provide the latest trends in electronics and market demands in this hands-on training program.

Classes are free. Mandatory orientation required prior to enrollment. Visit sdce.edu/job-training/electronics to preregister and sign up for announcements about orientation dates.

Mid-City Campus

Note: Held off-campus at Campus Extension location
5348 University Avenue/92105 619-388-4500

M/T/W/Th/F **03:00-09:00pm**

Requires completion of two courses:

ELRN 451 Electronics Technician
ELRN 452 Electronics Technician

AIR CONDITIONING AND HEATING I & II

120 hours. Attend 7 hours per week for 18 weeks.

(MECT 431, 432) Entry level training in heating and air conditioning occupations. Includes instruction in diagnostic techniques; the use of testing equipment, and the principles of mechanics, electricity, and electronics as they relate to the repair of heating, air conditioning and refrigeration systems.

Learn areas of comfort cooling including basic air conditioning and heating theory; heating fundamentals and appliances; requirements and controls; circuits, thermostats; schematics, and communications. Includes hands-on instruction in brazing copper piping and fittings. Instruction focuses on gas and electric heating; cooling fundamentals, components, and installation; heat pumps; general service; Environmental Protection Agency certification; troubleshooting, and job search techniques.

Classes are free. Orientation and pre-registration required prior to enrollment. Visit sdce.edu/job-training/hvac

Educational Cultural Complex

Evenings **M/T** **05:45-09:30pm**

Weekends **F/Sa** **08:00-12:15pm**

North City Campus

Note: Held off-campus at a location to be determined
Call for more information: 619-388-4956

Evenings **W/Th** **05:45-09:30pm**

PLUMBING

Example of a job you may be qualified for after completion of this program:

Plumber's Helper **\$14/hr.**

Skilled workers are always in demand for this industry and jobs are generally recession-resistant due to the ongoing need for trained plumbers.

In addition to learning the necessary skills to work in the industry, classes help with career preparation including communication, interpersonal skills, problem solving, and technology in the workplace.

Learn plumbing systems and theories; plumbing codes; plumbing tools and materials, and safety practices and procedures. Use torches, cutoff saws, pipe threaders, pipe cutting tools, and assorted hand tools.

PLUMBING I

120 hours. Attend 7 hours per week for 18 weeks.

(MECT 421) Instruction in source determination, water distribution, waste removal, pressure adjustment, basic physics, technical math, blueprint reading, pipe installation, pumps, welding and soldering, inspection, and applicable codes and standards.

Classes are free. Orientation and pre-registration required prior to enrollment. Visit sdce.edu/job-training/plumbing

Educational Cultural Complex
4343 Ocean View Blvd./92113 619-388-4956

Evenings **M/T** **05:45-09:30pm**
W/Th **05:45-09:30pm**

Weekends **F/Sa** **08:00-11:45am**

SKILLED AND TECHNICAL TRADES CAREER TRAINING

PLUMBING II

120 hours. Attend 7 hours per week for 18 weeks.

(MECT 422) Focused on the latest adopted Uniform Plumbing Code (UPC), the model plumbing code adopted by the State of California, published by the International Association of Plumbing and Mechanical Officials (IAPMO). Instruction includes basic math as it relates to the plumbing trade.

Evenings	M/T W/Th	05:45-09:30pm 05:45-09:30pm
-----------------	---------------------	--

PLUMBING III

120 hours. Attend 7 hours per week for 18 weeks.

(MECT423) Provides upgrade and advanced training in plumbing occupations. Includes layout and design, sizing of piping systems, materials, specialized systems, public relations, tests, coding, and inspections (including solar), plumbing math, safety requirements, advanced theory, and plumbing and solar codes. Students use saws, rigid chain cutters, thread-o-matics, triangles, T-squares, and scales.

Will be offered in Spring 2020

UPHOLSTERY

Example of a job you may be qualified for after completion of this program:

Furniture Upholsterer	\$13.30/hr.
------------------------------	--------------------

Upholstery is one of those services that most people need at some point, but few know how to actually do themselves, so they hire a professional.

Whether you are recovering furniture, or working in the automotive industry replacing vehicle seat covers, the skills you need to become a professional upholsterer are similar throughout the industry. Even boats and jet skis have upholstery, so this is a great skill to learn.

You'll have hands-on experience in a work area that is like an actual upholstery service center, and you will use tools that are industry-standard. Commercial sewing and installation are also part of this program.

Class is free. Orientation and pre-registration required prior to enrollment. Visit sdce.edu/job-training/upholstery.

Educational Cultural Complex	
4343 Ocean View Blvd./92113	619-388-4956

Mornings	M/T/W/Th	07:00-01:15pm
-----------------	-----------------	----------------------

BASIC UPHOLSTERY SKILLS

250 hours. Attend 25 hours per week for 10 weeks.

(AUTO 414) Training and hands-on experience for entry-level employment in the automotive, furniture, and related upholstery industries. Competency standards approved by the industry advisory board.

AUTOMOTIVE UPHOLSTERY

350 hours. Attend 25 hours per week for 14 weeks.

(AUTO 415) Practical instruction in a real-world business environment gives you hands-on experience in a work area that is like an actual upholstery service center, and you will use industry-standard tools and equipment. Commercial sewing and installation are also part of this program.

HOUSEHOLD UPHOLSTERY

250 hours. Attend 25 hours per week for 10 weeks.

(HMID 535) Upholstering footstools, benches, chairs, chaise lounges. Methods of springing, stuffing, covering, cushion-making, study slipcovers when appropriate. Shop practice and theory.

Mid-City Campus

Note: Held off-campus at Campus Extension location
5348 University Avenue/92105

619-388-4500

Evenings	M/T/W/Th/F	03:00-09:00pm
-----------------	-------------------	----------------------

CERTIFICATE PROGRAMS

WELDING/METAL FABRICATION

Examples of jobs you may be qualified for after completion of a program:

Structural Welder	\$19/hr.
Pipe Welder	\$19/hr.
Fabricator	\$20/hr.

Introduces the principles and practices used in the welding industry today. Provides instruction and practical experience necessary to safely perform shielded metal arc welding on projects utilizing steel plates and shapes with fillet and groove welds acceptable to American Welding Society standards. Students also gain workplace skills such as math, communications, and business ethics.

These program are offered at the Educational Cultural Complex.

Classes are free. Orientation and pre-registration required prior to enrollment. Visit sdce.edu/job-training/welding

Educational Cultural Complex
4343 Ocean View Blvd./92113 619-388-4956

Mornings	M/T/W/Th	06:30-12:45pm
Evenings	M/T/W/Th	04:30-09:30pm
Weekends	F/Sa morning	06:30-01:45pm

GAS TUNGSTEN ARC WELDING

600 hours. Attend 25 hours per week for 24 weeks.

(INDT 621, INDT 622) An introduction to the principles and practices of the gas tungsten processes used in the welding industry today. Gain practical experience necessary to safely perform Gas Tungsten Arc Welding on projects using ferrous and non-ferrous materials. Students also gain workplace skills such as math, communications, and business ethics.

Requires completion of two courses:

INDT 621 Gas Tungsten Arc Welding I
INDT 622 Gas Tungsten Arc Welding II

SHIELDED METAL ARC WELDING

600 hours. Attend 25 hours per week for 24 weeks.

(INDT 601, INDT 602) Provides basic instruction in the shielded metal arc welding (SMAW) process on steel plates and shapes. Topics include orientation, safety, measuring tools, material types, metal cutting and preparation, and SMAW procedures and practices. Workplace skills including math, communications, and business ethics are integrated into the curriculum. Students successfully completing this course will be prepared for entry-level positions.

Requires completion of two courses:

INDT 601 Shielded Metal Arc Welding
INDT 602 Shielded Metal Arc Welding

GAS METAL AND FLUX CORED ARC WELDING

600 hours. Attend 25 hours per week for 24 weeks.

(INDT 605, INDT 606) An introduction to GMAW and FCAW-G and FCAW-S processes used in the welding industry today. Gain practical experience necessary to safely perform GMAW and FCAW on projects using ferrous materials. Students also gain workplace skills such as math, communications, and business ethics.

Requires completion of two courses:

INDT 605 Gas Metal and Flux Cored Arc Welding
INDT 606 Gas Metal and Flux Cored Arc Welding

PIPE WELDING

600 hours. Attend 25 hours per week for 24 weeks.

(INDT 611, INDT 612) Introduces the principles and practices of the shielded metal arc welding process used in the pipe welding industry today. Learn practical experience welding steel pipes and steel plates to American Welding Society acceptable standards. Students also gain workplace skills such as math, communications, and business ethics.

Requires completion of two courses:

INDT 611 Pipe Welding
INDT 612 Pipe Welding

METAL FABRICATION I AND II

600 hours. Attend 25 hours per week for 24 weeks.

(INDT 631, INDT 632) An introduction to the principles and practices of the metal fabrication industry. You will learn practical experience necessary to safely perform metal fabrication projects utilizing a variety of shop power tools, hand power tools, and hand tools required for ferrous and non-ferrous. Plus, you'll also gain valuable knowledge in basic workplace skills including math, communications, and business ethics.

Requires completion of two courses:

INDT 631 Metal Fabrication I
INDT 632 Metal Fabrication II

CERTIFICATE PROGRAMS

BUSINESS INFORMATION WORKER CERTIFICATE PROGRAMS

Examples of jobs you may be qualified for after completion of this program:

Secretary	\$27.09/hr.
Office Support Staff	\$22.94/hr.
Municipal Clerk	\$25.27/hr.
Customer Service	\$26.35/hr.
Receptionist	\$18.69/hr.

Prepares students for entry level jobs in office settings, retail shops and/or as customer service representatives, receptionists and information clerks. Also provides valuable skills that can be used to begin or advance a career in any profession. Learn the fundamental skills required to use common office computer applications and prepare for entry-level general office employment including keyboarding, word processing, office procedures and basic computer skills. Students will compose business communications including letters, reports, presentations, webinars, and spreadsheets. Completion times may vary by student.

Receive each certificate by completing 3 courses:

Business Information Worker: Entry Level Skills

180 hours.

OFSY 541 Keyboarding - Multilevel
OFSY 596 Word Processing: Beginning
OFSY 528 Electronic Info Management

Business Information Worker: Communication Skills

162 hours.

OFSY 505 Business Communications I
OFSY 506 Business Communications II
OFSY 507 Workplace Professional

Business Information Worker: Technical Skills

150 hours.

OFSY 575 Spreadsheets: Beginning
OFSY 527 Microsoft Windows
COMP 628 Business Information Systems

To learn more and get started, please sign up for an orientation at sdce.edu/job-training/office-skills

BUSINESS INFORMATION WORKER: ENTRY LEVEL SKILLS

This certificate can be completed in an open lab (working independently with instructor help), online, or in a lecture-based format.

Keyboarding: Multilevel

(OFSY 541) Emphasizes proper keyboarding techniques and the operation of a typewriter or a computer. Includes typing tasks found in a business office such as letters and memos. Increasing a student's typing speed, addressing proper business practices, reinforcing grammar, punctuation and spelling skills are emphasized. Includes online instruction.

Classes are free. Program orientation required prior to enrollment. Visit sdce.edu/job-training/office-skills.

ICOM
ACADEMY

San Diego Continuing Education (SDCE) is building a new fully online educational program to provide adult learners with a fast, free, flexible job training and extensive career placement services. ICOM Academy (Interactive Competency-based Online Microcredentialing Academy) will launch in fall 2020 with five career education options in Small Business Entrepreneurship and Information Technology. Visit sdce.edu for details

SANDY BORUM

Sandy Borum, a United States Air Force Veteran enrolled in San Diego Continuing Education to study Microsoft Office Suite, Dreamweaver, Illustrator and Flash. "In today's workforce not having at least basic computer or office skills is equivalent to being illiterate," she said. Sandy works as a Vocational Development Specialist for the VA San Diego Healthcare System. "I teach basic skills to Veterans so they can revise and tailor their resumes for employment opportunities." Upon completing the Office Skills certificate program at SDCE, she built and maintained the first website for Veterans Village of San Diego.

CERTIFICATE PROGRAMS

SMALL BUSINESS PLANNING

108 hours.

Example of a job you may be qualified for after completion of this program:

Entrepreneur **\$25-50/hr.**

Ideal for aspiring entrepreneurs, this program—taught by experienced business professionals—provides knowledge and skills to start and manage a profitable small business or for a career in business management, market analysis, business development or sales.

Topics include:

- » Essentials of starting a small business
- » Local, state and federal requirements
- » Best hiring practices
- » Sales and marketing strategies

In the capstone business plan project, students present a profitable business model that identifies a market, creates customer value in a product or service, and identifies how a student may successfully create their own small business. Students may use the final assignment to seek investment, loans or partnerships to launch a small business with the support of the growing San Diego Continuing Education community of like-minded entrepreneurs and small business organizations. Also see pg. 17 for non-certificate small business courses.

Classes are available on Mondays or Saturdays (both including online work) or online only. Attend orientation for campus and timing information. Learn more at kindlespark.net.

Classes are free. Mandatory orientation required prior to enrollment. Visit sdce.edu/job-training/business/small-business/orientation to sign up for an orientation.

Requires completion of two courses:

BUSN 630 Small Business Essentials
BUSN 631 Small Business Planning

SMALL BUSINESS GROWTH

135 hours.

Examples of jobs you may be qualified for after completion of this program:

Marketing Coordinator	\$15-25/hr.
Marketing Manager	\$30-40/hr.
Marketing Director	\$40-50/hr.
Sales Representative	\$25-30/hr.
Sales Manager	\$30-35/hr.

Ideal for small business owners or employees, this program provides management knowledge and skills to grow a small business. Instruction focuses on time management, negotiations, business process improvement, sales, and marketing planning.

In the capstone project, students demonstrate a plan to grow a small business through a strategic sales and marketing plan.

Students who successfully complete the program can use the skills learned to start and manage their own small business for self-employment or to start or advance in the fields of business management, market analysis, business development or sales.

Also see pg. 17 for non-certificate small business courses.

Classes are available as online-only courses with synchronous instruction on Wednesday evenings. Attend orientation for details. Learn more at kindlespark.net.

Classes are free. Mandatory orientation required prior to enrollment. Visit sdce.edu/job-training/business/small-business/orientation to sign up for an orientation.

Requires completion of three courses:

BUSN 632 Small Business Skills
BUSN 633 Small Business Sales
BUSN 634 Small Business Marketing

PROJECT MANAGEMENT

120 hours.

Example of a job you may be qualified for after completion of this program:

Project Manager **\$25-40/hr.**

Taught by instructors with real-world experience, students will learn how to define, manage, and control a project. Students learn to accomplish objectives through key process steps such as consideration of alternatives, selection and implementation of solutions, and project closure. The course culminates in a group capstone project. Classes may include online instruction. Topics include:

- » Building effective teams
- » Problem solving and decision making
- » Change and risk management
- » Use of creativity
- » Emerging trends

Classes are free. Mandatory orientation required prior to enrollment. Visit sdce.edu/content/project-management-orientation to sign up for an orientation.

Requires completion of two courses:

BUSN 621 Project Management I
BUSN 622 Project Management II

César E. Chávez Campus
1901 Main Street/92113 619-388-1910

Include online instruction

Note that the below days and times are separate classes:

Evenings **T/Th** **06:00-09:30pm**

North City Campus
8355 Aero Drive/92123 619-388-1800

All Day **F** **08:00-04:30pm**
Evenings **M/W** **05:30-09:30pm**

Note that the below days and times are a single class:

Evenings **Th** **05:30-09:30pm**
Weekends **Sa** **08:00-12:00pm**

ZERO TEXTBOOK COST (ZTC)

Classes and programs with the Zero Textbook Cost symbol have no cost for textbooks.

SHORT-TERM COURSES

Small Business Management

(BUSN 510) This is a preliminary course for anyone interested in establishing and operating a small business. Each week key elements of business organization are presented to inspire confidence along your pathway to success.

Classes are free. Enroll in class on the first day

MICROSOFT PROJECT

Go from novice to expert in Microsoft Project in just 3 weeks! Instruction includes lecture and applied projects. You will learn scheduling techniques such as building a task list, setting up resources, assigning resources to tasks, and tracking progress. You will also learn how to view, format and report project status through reports.

César E. Chávez Campus
1901 Main Street/92113 619-388-1910
03/09/20-04/20/20 (5 weeks) Iffland, A
27503 M 06:00-09:00pm

Computer Presentations

(COMM 614) Provides hands-on approach to planning, organizing, creating and delivering an effective presentation. Learn to combine traditional presentation skills with multimedia technology.

EFFECTIVE BUSINESS PRESENTATIONS

The course provides a hands-on approach to the steps in planning, organizing, creating, and delivering an effective presentation. The student will learn to combine "traditional" presentation skills with multimedia technology to create effective presentations using an application such as PowerPoint.

César E. Chávez Campus
1901 Main Street/92113 619-388-1910
04/05/20-05/16/20 (6 weeks) Al Ani, M
27381 Mandatory 1st mtg info at my.sdccd.edu

MAKING MONEY IN THE GIG ECONOMY

Learn to establish contract/freelance/gig work on one of the many contract job placement sites such as Fiverr, Freelancer, or Upwork. Instruction includes: how to set up the business structure, licensing and permits, creating a profile page, description and product offering, drafting the business contract and managing online payments. This class meets entirely online. Sign up by attending a single onsite registration. Details at my.sdccd.edu

César E. Chávez Campus

Microcomputer Basics

(OFSY 555) An introduction to computers and how they operate, types of computers, hardware, operating systems, graphical user interface, and methods of input and output. Software applications will be presented.

Classes are free. Enroll anytime in class.

INTRO TO COMPUTERS

This course introduces the student to computer concepts and terminology, as well as software and hardware components. Students will develop a basic understanding of how computer systems operate by surveying current computer software applications and their functionality in today's society.

West City Campus
3249 Fordham Street/92110 619-388-1873

Room 206
01/28/20-03/26/20 (9 weeks) Williams, A
20811 T/Th 02:00-05:00pm

MICROSOFT OFFICE

Database Systems: Intermediate

(OFSY 511) Review database management. Emphasis on advanced features such as operation, linking of database structures or tables, use of database command language and program file creation.

Classes are free. Enroll in class on the first day.

DATABASE DESIGN-BEGINNING WITH ACCESS

This course is an introduction to database management techniques including data entry, editing, correlating database information, generating customized reports and labels, and designing database structures or tables.

North City Campus
8355 Aero Drive/92123 619-388-1800

Room 209
01/29/20-02/05/20 (2 weeks) Spahitz, R
20903 W 05:30-09:00pm

DATABASE FORMS REPORTS WITH ACCESS

This course is designed to review database management. Emphasis is on advanced features such as operation, linking of database structures or tables, use of database command language and program file creation.

North City Campus
8355 Aero Drive/92123 619-388-1800

Room 209
02/12/20-02/26/20 (3 weeks) Spahitz, R
20904 W 05:30-09:00pm

DATABASE MACROS-BEGINNING

Learn how Access uses built-in macros to assist in building interactive forms by controlling features like buttons and field validation.

North City Campus
8355 Aero Drive/92123 619-388-1800

Room 209
03/04/20-03/11/20 (3 weeks) Spahitz, R

Spreadsheets: Beginning

(OFSY 575) Spreadsheet fundamentals: data entry, editing, creation, and printing. Utilization of what-if functions and analysis. See p7 or visit sdce.edu for information about Certificate Programs.

Classes are free. Enroll in class on the first day.

EXCEL: BEGINNING

This class offers the basics of how to use spreadsheets, especially Microsoft Excel. You will learn how to navigate around the grid, create a formula, how Excel handles various types of data, and about many of the features available in the "Ribbon" menus. You will also learn about formulas and functions, which can help you solve many business and personal problems that require numeric, text, and date-related.

North City Campus
8355 Aero Drive/92123 619-388-1800

Room 209

04/08/20-04/15/20 (2 weeks) Spahitz, R
21032 W 05:30-09:00pm

Spreadsheets: Advanced

(OFSY 577) Provides instruction in advanced spreadsheet functions, including graphs, macros, database management, what-if analysis, macro programming, program and file operations with the ability to design and analyze business applications.

EXCEL FORMULAS AND MORE I

Continue where the Beginner class left off and learn how to effectively use many of the common built-in Excel functions. Learn conditional formatting and the use of sorting and filtering.

North City Campus
8355 Aero Drive/92123 619-388-1800

Room 209

04/22/20-04/29/20 (2 weeks) Spahitz, R
20906 W 05:30-09:00pm

EXCEL FORMULAS AND MORE II

Extends beyond the "Excel - Formulas & More I" class by digging into more complex Excel functions and features such as VLOOKUP, pivot tables and an introduction to cell data validation.

North City Campus
8355 Aero Drive/92123 619-388-1800

Room 209

05/06/20-05/20/20 (3 weeks) Spahitz, R
20912 W 05:30-09:00pm

EXCEL-FORMS

Use Excel as a data-entry tool and learn how to handle data validation, create in-cell lists, lock cells, and use built-in features to add standard form controls such as checkboxes, buttons, date-pickers and up-down components.

North City Campus
8355 Aero Drive/92123 619-388-1800

Room 209

05/27/20-06/03/20 (3 weeks) Spahitz, R
20913 W 05:30-09:00pm

Internet Basics

(OFSY 516) An introduction to the Internet using computers to access and use Internet resources in personal and business situations. Through demonstration and hands-on projects, students learn basic concepts.

Classes are free. Enroll in class on the first day.

GOOGLE SUITE (GOOGLE DOCS, SHEETS, FORMS & MORE)

Learn the basics of many Google Suite products including Docs, Sheets, and Forms. The class will also briefly introduce Google Drawings, Photos, and Slides. We will cover how to use these on your smartphone and computer. You must have or be willing to make a free Gmail email account.

San Diego Public Library
Downtown San Diego
330 Park Blvd / 92101
Wells Fargo Room, 4th Floor 619-388-1910

01/30/20-02/11/20 (2 weeks) Howe, T
20773 T/Th 05:00-06:45pm

02/18/20-02/27/20 (2 weeks) Howe, T
20774 T/Th 05:00-06:45pm

UNDERSTANDING THE INTERNET

Through demonstration and hands-on projects, students will learn how to connect to a network and they will learn basic network concepts. Fundamentals of using the Internet, including the World Wide Web, email, bulletin boards, and file transfer. Lecture and hands-on projects include discussion of protocols, software and hardware, and what is needed to access the Internet.

West City Campus
3249 Fordham Street/92110 619-388-1873

Room 206

ICOM
ACADEMY

San Diego Continuing Education (SDCE) is building a new fully online educational program to provide adult learners with a fast, free, flexible job training and extensive career placement services. ICOM Academy (Interactive Competency-based Online Microcredentialing Academy) will launch in fall 2020 with five career education options in Small Business Entrepreneurship and Information Technology. Visit sdce.edu for details

CERTIFICATE PROGRAMS

DIGITAL MEDIA I AND II PROGRAMS (FORMERLY INTERACTIVE MEDIA/IMCP)

875 hours. Attend 25 hours per week for 36 weeks.

Examples of jobs you may be qualified for after completion of this program:

Multimedia Artists and Animators	\$35/hr.
Graphic Designers	\$26/hr.
Web Developers	\$36/hr.

The Digital Media 1 and 2 Programs teach the skills needed for the motion graphics, video production and content management industry, including selecting the appropriate tools, understanding best practices in the motion graphics, video production and content management industry and applying appropriate industry standard applications. Students will learn the technical skills needed to be ready for work in the digital design industry. Plan, design and create computer-based motion graphics, video and content management using industry-standard software.

This program also serves as a foundation for additional training in higher education courses and/or introductory level position in these industries.

Class is free. Mandatory orientation required prior to enrollment. Visit sdce.edu/job-training/digital-design-development to sign up for orientation.

Receive Digital Media 1 certificate by completing four courses:

COMM 660 Visual Design
COMM 661 Vector Design
COMM 662 Page Layout Design
COMM 663 Portfolio Design

Receive Digital Media 2 certificate by completing three courses:

COMM 667 Motion Graphics
COMM 668 Video Production
COMM 669 Content Management Basics

FRONT END WEB DEVELOPER I

360 hours. Attend 20 hours per week for 18 weeks.

Examples of jobs you may be qualified for after completion of this program:

Web Designer	\$17-36/hr.
User Interface Designer	\$24-44/hr.

Learn to design website user interfaces and gain skills in visual design, user interaction and browser compatibilities. Topics include:

- » HTML5 and CSS
- » Responsive Web Design
- » Web frameworks: Bootstrap
- » Aesthetics, usability, accessibility,
- » Search Engine Optimization (SEO)
- » Industry standards and techniques

Students are advised to first complete the Interactive Media Certificate Program (IMCP) or equivalent. Additional recommendations include a strong interest in web development, intermediate Photoshop skills, and experience in web browsing, the Windows operating system, file management, and oral and written communication. FEWD I is available only in fall. Classes meet 10 hours online plus on-site M/W 7:30-12:30pm or T/Th 5:30-10pm.

Students can prepare for the certificate program by first completing a FEWD Prep course.

Classes are free. Mandatory orientation required prior to enrollment. Visit sdce.edu/job-training/computers/front-end-web-development/orientation to sign up for an orientation.

Receive certificate by completing three courses:

COMM 641 Web Programming Beginning
COMM 642 User Interface Design
COMM 643 Design Principles

FRONT END WEB DEVELOPER II

360 hours. Attend 20 hours per week for 18 weeks.

Examples of jobs you may be qualified for after completion of this program:

Search Engine Optimization Specialist	\$21-42/hr.
Web Designer	\$24-44/hr.
Web Application Developer	\$34-55/hr.
User Interface Designer	\$24-44/hr.

FEWD2 takes web development to the next level by providing you the skills necessary to develop dynamic web sites that respond to user interaction. Topics include:

- » Git and GitHub
- » JavaScript
- » JQuery and other libraries
- » Content Management Systems (CMS)
- » Advanced HTML5 and CSS3
- » CSS pre-processors: SASS
- » Angular

Classes are free. Mandatory orientation required prior to enrollment. Visit sdce.edu/job-training/computers/front-end-web-development/orientation to sign up for an orientation.

FEWD II is available only in spring and students must first complete FEWD I. Classes meet 10 hours online plus on-site M/W 7:30-12:30pm or T/Th 5:30-10pm.

Receive certificate by completing four courses:

COMM 644 Web Programming Intermediate
COMM 645 Online Content Management Systems
COMM 646 Online Responsive Web Design
COMM 647 Online Website Promotions

CERTIFICATE PROGRAMS

MOBILE APPLICATION DEVELOPMENT

84 hours.

Examples of jobs you may be qualified for after completion of this program:

Web Application Developer	\$18-36/hr.
Software Application Developer	\$35-57/hr.

Provides students with the knowledge and skills needed to develop and publish cross-platform mobile applications. The program teaches the practical and analytical skills needed to develop, publish, and market mobile applications for multiple platforms.

Provides instruction in common markup, styling, and programming languages, including open source frameworks. Topics include:

- » Construction of a content screen
- » Database storage of user input
- » Geolocation services
- » Software Development Kits (SDKs)
- » Application testing
- » Publication

Classes are free. Mandatory orientation required prior to enrollment. Visit sdce.edu/job-training/computers/mobile-application-development/orientation to sign up for an orientation.

Receive certificate by completing three courses:

COMP 645 Mobile App HTML Development

COMP 646 Mobile Software Development Platform

COMP 647 Mobile App Publication

SHORT-TERM COURSES

GRAPHIC DESIGN AND PAGE LAYOUT

Digital Editing

(OFSY 603) Provides instruction in digital editing skills and techniques for employment. Edit digital images and create original artwork. Prepare images for other applications such as 3D modeling, vector graphics, and interactive authoring. Digital editing skills are fundamental to multimedia projects—from print to the web to video. Read about the free Interactive Media Certificate Program on p15.

Classes are free. Enroll in class on the first day.

DIGITAL PHOTOGRAPHY: BEGINNING

This hands-on beginner's course provides comprehensive information and instructions for using a digital camera. The focus of this course is to assist digital camera users with implementing the basic concepts of photography and helping them understand how to use the features of their digital camera to take great photos.

North City Campus
8355 Aero Drive/92123 619-388-1800

Room 207

01/29/20-02/26/20 (5 weeks) Lee, R
20927 W 05:30-09:30pm

Note: Bring your digital camera to class

PHOTOSHOP ELEMENTS 14: BEGINNING

This hands-on course walks users through the feature of Photoshop Elements that will make organizing, editing and sharing of your digital photographs quick and easy. Photoshop Elements is for photographers who want to make their photos look their best in just a few quick and easy-to-use steps. This software makes a great editing tool for both beginner and advanced digital photographers.

North City Campus
8355 Aero Drive/92123 619-388-1800

Room 207

03/04/20-03/25/20 (4 weeks) Lee, R
20928 W 05:30-09:30pm

PHOTOSHOP ELEMENTS 14: INTERMEDIATE

This hands-on course focuses on some of the more advanced editing techniques that can be done with Photoshop Elements. User will be guided through the steps to adjust skin tone, colorizing part of a photo, sharpen photos, blending photos and whiten teeth in photo and creating panoramas. Sample photos will be supplied for the demonstration.

North City Campus
8355 Aero Drive/92123 619-388-1800

Room 207

04/08/20-04/29/20 (4 weeks) Lee, R
20929 W 05:30-09:30pm

ADOBE LIGHTROOM: BEGINNING

This hands-on introduction course will teach students to establish a photo workflow and photo management system, which professional photographers use to accelerate their photo editing process for both raw and jpg files. This class is ideal for photographers who want to establish a solid photography workflow process. Lightroom is an advanced photo editing software with tools for non-destructive mass image editing and printing.

North City Campus
8355 Aero Drive/92123 619-388-1800

Room 207

05/06/20-06/03/20 (5 weeks) Lee, R
20931 W 05:30-09:30pm

West City Campus
3249 Fordham Street/92110 619-388-1873

Room 206

05/13/20-06/03/20 (5 weeks) Williams, A
26771 W 06:00-08:30pm

PHOTOSHOP: BEGINNING

This class teaches the basics of the powerful image-editing tool Photoshop: image compositing, color correction, and photo-retouching. The class balances the conceptual (the understanding of resolution, bit depth and color modes) with hands-on exercises including the use of layers, selections, transparency, and simple masking techniques.

West City Campus
3249 Fordham Street/92110 619-388-1873

Room 206

01/30/20-03/05/20 (6 weeks) Williams, A
20812 Th 06:00-09:00pm

PHOTOSHOP: INTERMEDIATE

Learn more advanced techniques in Photoshop, featuring more masking and compositing techniques, including layer-masking, alpha channels, focus area and color range, the use of smart objects, and content-aware fill and move. We'll examine vector graphics, type manipulation, droplets, displacement maps, puppet warp, perspective warp and clipping paths.

West City Campus
3249 Fordham Street/92110 619-388-1873

Room 206

03/12/20-04/23/20 (6 weeks) Williams, A
20817 Th 06:00-08:30pm

PHOTOSHOP: BEGINNING/INTERMEDIATE PHOTOSHOP FOR PHOTOGRAPHERS

This course provides instruction in digital editing skills and techniques for employment. Digital editing is used to edit digital images and to create original artwork. Digital editing is also used to prepare images for other applications such as 3D modeling, vector graphics, and interactive authoring. Digital editing skills are fundamental to multimedia projects-from print to the web to video.

West City Campus
3249 Fordham Street/92110 619-388-1873

Room 206

04/27/20-05/30/20 (5 weeks) Williams, A
20819 Th 06:00-08:30pm

Vector Graphics

(OFSY 606) Vector drawing programs are used to create computer-generated diagrams, engineering and architectural plans and blue prints, original artwork, logos, maps and posters. Vector drawing artwork can be imported into page layout, 3D modeling, video editing and imaging applications.

Classes are free. Enroll in class on the first day.

ADOBE ILLUSTRATOR: BEGINNING/ INTERMEDIATE

Adobe Illustrator is a powerful vector application that has many uses including illustration, logo design, print, and layout. Learn about vector and raster graphics, resolution, bit depth, color mode, and how to correctly design, create, and display art for various design environments such as print, web, and onscreen.

West City Campus
3249 Fordham Street/92110 619-388-1873

Room 206

04/15/20-05/06/20 (4 weeks) Williams, A
20816 W 06:00-09:00pm

GUERRILLA FILMMAKING

Learn to make independent films with minimal budgets, crews, and props. You'll learn about script writing, shooting, directing, editing, and uploading a short film project to the web. We will use a combination of free software like Trelby for script writing, and Adobe Photoshop, Premiere, After Effects and Audition for development and creation. This is a great class for any aspiring fiction and or documentary style film-maker.

West City Campus
3249 Fordham Street/92110 619-388-1873

Room 206

04/07/20-04/28/20 (4 weeks) Williams, A
20814 T 06:00-09:00pm

ADOBE PREMIERE

Students will learn to use Adobe Premier, a video editing software that is useful for both beginners and professionals. This class pairs well with the Guerrilla Filmmaking class.

West City Campus
3249 Fordham Street/92110 619-388-1873

Room 206

05/05/20-06/02/20 (5 weeks) Williams, A
20820 T 06:00-09:00pm

3D Modeling

(OFSY 612) Provides instruction in 3D computer modeling. 3D applications are used to create computer generated 3D models and animations used in the files of science, engineering, architecture and multimedia. 3D models and animations can be imported into web pages, video editing and interactive authoring applications.

Classes are free. Enroll anytime in class.

3D DESIGN & PRINTING WITH FREE APP SKETCHUP

SketchUp is a powerful tool used for the creation of 3D objects and some limited animation. This class will allow the student to learn about the basic concepts involved in the creation of 3D objects, including lathing, extrusion, Boolean operations, lighting, and creating textures or skins. The objects created in SketchUp can be sent to a 3D printer and made into actual physical objects, including on 3D printers available at the Downtown Library.

San Diego Public Library

Downtown San Diego
330 Park Blvd / 92101
Wells Fargo Room, 4th Floor 619-388-1910

01/29/20-02/26/20 (5 weeks) Williams, A
20775 W 03:45-06:45pm

03/04/20-04/08/20 (5 weeks) Williams, A
20776 W 03:45-06:45pm

Web Marketing

(OFSY 618) Fundamentals of marketing on the web. Through theory and hands-on application, students receive an overview of issues to consider when developing a strategic Internet communications plan.

Classes are free. Enroll in class on the first day.

SOCIAL MEDIA FOR SMALL BUSINESS

North City Campus
8355 Aero Drive/92123 619-388-1800

Room 209

PART I

Use social media to market your business or brand. Learn how to use the most popular social media platforms, create editorial calendars, and schedule content. With hands-on activities, you will learn how to set up your social media profiles and use them effectively. This is a beginning to intermediate-level class. This is part one of a three part course.

02/07/20-02/28/20 (3 weeks) Campos, V
20922 F 09:30-01:00pm

PART II

Use social media to market your business or brand. Learn how to use the most popular social media platforms, create editorial calendars, and schedule content. With hands-on activities, you will learn how to set up your social media profiles and use them effectively. This is a beginning to intermediate-level class. This is part one of a three part course.

03/06/2020-03/27/2020 (3 weeks) Campos, V
20923 F 09:30-01:00pm

PART III

Use social media to market your business or brand. Learn how to use the most popular social media platforms, create editorial calendars, and schedule content. With hands-on activities, you will learn how to set up your social media profiles and use them effectively. This is a beginning to intermediate-level class. This is part three of a three part course.

04/10/20-04/24/20 (3 weeks) Campos, V
21021 F 09:30-01:00pm

SHORT-TERM COURSES

SEARCH ENGINE OPTIMIZATION (SEO) FOR SMALL BUSINESS

If you have a website, how do you get people to find it? Nowadays, if you're not on the first page of search results, people will not visit your site. Through search engine optimization, students will learn how to rank high on search engine results through the latest techniques.

North City Campus

8355 Aero Drive/92123

619-388-1800

05/01/20-05/29/20 (5 weeks)

Campos, V

20916 F**09:30-01:00pm**

ONLINE SEARCH ENGINE OPTIMIZATION (SEO) FOR BUSINESS

If you have a website, how do you get people to find it? Nowadays, if you're not on the first page of search results, people will not visit your site. Through search engine optimization, students will learn how to rank high on search engine results through the latest techniques.

21021 Mandatory 1st mtg info at my.sdccd.edu

WEB DEVELOPMENT PROGRAMMING AND DESIGN

Web Site Creation

(COMM 618) Provides a hands-on approach to planning, designing and creating web pages for an intranet or World Wide Web site. Students learn HTML, wizards and templates to create web pages with hypertext links and video, graphics and audio enhancements.

Classes are free.

MOBILE APPS PREP COURSE: INTRO TO HTML/CSS/JAVASCRIPT

Are you interested in learning the foundations of Mobile App Development with HTML? This introductory course will focus on the basics of the HTML, CSS, and JavaScript programming languages, and prepare you for enrolling in our Mobile Apps Development certificate program. For information on the Mobile Application Development program, see pg 20.

North City Campus

8355 Aero Drive/92123

Room 209

02/04/20-02/27/20 (5 weeks)

Campos, V

20730 T/Th**06:00-09:30pm**

WEB DESIGN WITH WORDPRESS: BEGINNING/INTERMEDIATE: PART I

Learn the basics of web design in a beginner-friendly, free, template-driven environment. Learn to build robust websites without code by modifying WordPress themes and adding customized plugins to your site. This class covers the basics, including content management systems, file transfer protocol, domain name registration, and web hosting.

West City Campus

3249 Fordham Street/92110

619-388-1873

Room 206

01/28/20-02/25/20 (5 weeks)

Williams, A

20821 T**06:00-09:00pm**

WEB DESIGN WITH WORDPRESS: INTERMEDIATE/ADVANCED PART II

Continuing where the Beginning/Intermediate class left off, this class examines advanced design elements for WordPress, such as pro themes, pro plugins, shopping carts, creation of surveys, forms, and implementation of graphics.

West City Campus

3249 Fordham Street/92110

619-388-1873

Room 206

03/03/20-03/24/20 (4 weeks)

Williams, A

20822 T**06:00-09:00pm**

Web Programming Intermediate

(COMM 644) Incorporates Java Script and JQuery into the web development process. Learn how these programs enhance a webpage; allowing additional interactivity and precise control of page elements.

ONLINE CSS3 ANIMATION

Do you know CSS but haven't learned how to animate using it yet? We will cover the various animation properties, timing-functions, delays, iterations and how to add keyframes so you can precisely control your animations. We will also cover some really fun and awesome special effects to bring your websites to life.

North City Campus

8355 Aero Drive/92123

21076 Mandatory 1st mtg info at my.sdccd.edu

CERTIFICATE PROGRAMS

STACKABLE SYSTEM ADMINISTRATOR CERTIFICATES

Examples of jobs you may be qualified for after completion of this program:

Computer Support Specialist	\$18-41/hr.
Computer Operator	\$13-33/hr.
Web Developer	\$13-56/hr.
Database Administrator	\$27-63/hr.

The Stackable Bundle begins with Windows administration, ventures into the world of Linux, and prepares you for up in the red-hot field of web application development. Using in-class and online lectures, labs, and group assignments, you complete one class at a time, allowing you to focus and immerse yourself fully.

Complete two sequential courses to earn a program certificate in as little as 18 weeks. For each additional course in the sequence, you earn an additional certificate. Certificate programs do not need to be completed in the order listed.

WINDOWS SYSTEM ADMINISTRATION

Complete in 18-36 weeks.

This program is the ideal start to your career in computer system administration. Learn foundational knowledge and skills to administer a Windows client-server environment. Topics include:

- » Windows Server and Desktop OS
- » Active Directory
- » Configuration
- » System troubleshooting
- » Server roles

Classes are free. Mandatory orientation required prior to enrollment. Visit sdce.edu/job-training/computers/windows-system-administration/orientation to sign up for an orientation.

Receive certificate by completing two courses:
COMP 640 Windows Operating Systems
COMP 642 Server Admin Fundamentals

SERVER ESSENTIALS

Complete in 18-36 weeks.

Building on your system administration skills, this program introduces you to Linux, one of the hottest skills in demand by employers. Linux is used in a variety of ways, including troubleshooting other computers (including Windows!), hacking and security, website hosting, home automation, and many household appliances at the heart of the Internet of Things. Topics include:

- » BASH shell (Linux) and PowerShell (Windows) command execution and scripts
- » Windows and Linux security and system administration
- » Computer networking

Classes are free. Mandatory orientation required prior to enrollment. Visit sdce.edu/job-training/computers/windows-system-administration/orientation to sign up for an orientation.

Receive certificate by completing two courses:
COMP 642 Server Admin Fundamentals
COMP 641 Linux Essentials

LINUX SERVER ADMINISTRATION

Complete in 18-36 weeks.

Linux administration skills are in high demand and the need is growing! This program teaches you the fundamentals of Linux and then builds on that knowledge with installation, configuration, and management of a Linux server and common server applications. Topics include:

- » Linux Web Servers
- » Linux file and network services
- » DNS, SAMBA, APACHE
- » Server configuration files
- » Shell scripting

Classes are free. Mandatory orientation required prior to enrollment. Visit sdce.edu/job-training/computers/linux-server-administration/orientation to sign up for an orientation.

Receive certificate by completing two courses:
COMP 641 Linux Essentials
COMP 643 Linux Server Technologies

WEB SERVER TECHNOLOGIES AND APPLICATIONS

Complete in 18-36 weeks.

Take your Linux administration skills to the limit by learning how to develop and maintain modern web applications, such as social media, ecommerce, and business dashboards. Topics include:

- » Modern server-side web applications
- » Data storage and retrieval
- » Web application security
- » Linux Server administration

Classes are free. Mandatory orientation required prior to enrollment. Visit sdce.edu/job-training/computers/linux-server-administration/orientation to sign up for an orientation.

Receive certificate by completing two courses:
COMP 643 Linux Server Technologies
COMP 644 Server Side Web Development

VIRTUAL DATACENTER

Complete in 18-36 weeks.

Server virtualization--using software to simulate a computer system--is a highly valued skill in today's workplace. This course prepares you to administer a vSphere infrastructure for an organization of any size and will form a foundation of knowledge for most other VMware technologies in the software-defined data center. Topics Include:

- » vSphere environment
- » Virtual networks & infrastructure
- » Virtual machines
- » vMotion migration
- » High Availability and Fault Tolerance
- » DRS clusters and scalability

Classes are free. Mandatory orientation required prior to enrollment. Visit sdce.edu/job-training/computer-system-network-administration.

Receive certificate by completing two courses:
COMP 651 Virtual Datacenter 1
COMP 652 Virtual Datacenter 2

CERTIFICATE PROGRAMS

NETWORK TECHNICIAN

Two courses, 12 weeks each

Examples of jobs you may be qualified for after completion of this program:

Computer Network Support Specialists	\$21-34/hr.
Network Technician	\$21-34/hr.

Serves as a foundation for the full CCNA Program by providing students with the knowledge and skills required to install, operate, and troubleshoot a small enterprise branch network, including basic network security. Topics include:

- » Networking fundamentals
- » LAN/WAN technologies
- » LAN security concepts
- » Routing and switching fundamentals
- » Configuration of simple networks
- » Network theory and design
- » IP addressing
- » Wireless configuration
- » Router set-up and troubleshooting

Classes are free. Orientation required prior to enrollment. Visit sdce.edu/job-training/computers/cisco/orientation to sign up for orientation.

Receive certificate by completing two courses:

COMP 600 Introduction to Networking (CCNA1)
COMP 601 Routing and Switching Essentials (CCNA2)

CCNA ROUTING AND SWITCHING

Three courses, 12 weeks each.

Examples of jobs you may be qualified for after completion of this program:

Field Engineer	\$18-30/hr.
Network Administrator or Analyst	\$24-37/hr.

Prepares students for the Cisco Certified Network Associate (CCNA) certification exam.

Cisco is transforming its certificate program by streamlining and updating topics to better align with employer needs. SDCE, as a Cisco Networking Academy partner, is integrating these new topics into our programs for Spring 2020.

Students learn networking fundamentals and advanced concepts with hands-on practice and simulations to develop skills in managing routers and switches.

- » Routing, switching, network applications, protocols, and services
- » Network security concepts
- » Cisco IOS command and configuration
- » Install, operate, configure IPv4 and IPv6 networks
- » VPN and IPsec concepts
- » Automation

Classes are free. Orientation required prior to enrollment. Visit sdce.edu/job-training/computers/cisco/orientation to sign up for orientation.

Receive certificate by completing three courses:

COMP 600 Introduction to Networking*
COMP 601 Routing and Switching Essentials (CCNA2)*
COMP 602 Local Area Network (LAN) Design

*also part of Network Technician program

CCNA SECURITY/NETWORK SECURITY SPECIALIST

Complete in 12-18 weeks.

Examples of jobs you may be qualified for after completion of this program:

Information Security Analysts	\$30-45/hr.
Network Security Specialist	\$25-35/hr.

Prepares students for the Cisco Certified Network Associate (CCNA) Security certification exam. Students must have a certificate of completion from CCNA course four, or be CCNA certified.

Builds on previously learned knowledge and skills required to secure networks and manage network infrastructures. Emphasizes best practices and techniques to combine these technologies into a single, integrated network security solution.

- » Authentication, Authorization and Accounting (AAA)
- » Secure VPN (virtual private network) management
- » Firewall management security software and hardware
- » Intrusion Prevention/Detection Systems (IPS/IDS)
- » Security agent software

Students who successfully complete the program can use the skills learned in a variety of industries and jobs.

Classes are free. Orientation required prior to enrollment. Visit sdce.edu/job-training/computers/cisco/orientation to sign up for orientation.

Receive certificate by completing four courses:

COMP 600 Introduction to Networking* †
COMP 601 Routing and Switching Essentials (CCNA2)* †
COMP 602 Local Area Network (LAN) Design †
COMP 606 Cisco Network Security 1

*also part of Network Technician program
†also part of CCNA program

ICOM Academy Programs will be available beginning in fall 2020. Visit sdce.edu for details

- Small Business Planning
- Linux Server Administration
- Mobile Application Development
- Python Programming
- Virtual Data Center

DESKTOP TECHNICIAN

429 hours.

Examples of jobs you may be qualified for after completion of this program:

Computer Network Support Specialist	\$21-34/hr.
Computer User Support Specialist	\$16-27/hr.
Computer Systems Administrator	\$24-37/hr.

Provides students with the knowledge and skills necessary to manage and secure computers and basic network infrastructures. Students will learn both practical and analytical skills to configure, manage and troubleshoot computer and network hardware and software.

The program courses provide instruction in fundamental computer and network theories including computer system models, operating systems, safety procedures, network infrastructures and architectures, and security threats and mitigation. Topics include:

- » Computer hardware configuration and diagnostics
- » TCP/IP (transmission control protocol/ internet protocol)
- » Network topologies
- » Operating system and security configuration and compliance

Classes are free. Mandatory orientation required prior to enrollment. Visit sdce.edu/job-training/computers/desktop-technician/orientation to sign up for an orientation.

Receive certificate by completing three courses:

COMP 640 Windows Operating System
COMP 612 Hardware Service Technician
COMP 608 Basic Network Configuration

SECURITY ESSENTIALS

240 hours.

Examples of jobs you may be qualified for after completion of this program:

Information Security Analysts	\$30-45/hr.
Network and Computer Systems Administrators	\$24-37/hr.
Computer User Support Specialists	\$16-27/hr.

Provides students with the knowledge and skills required to manage and secure network infrastructures. Includes practical and analytical skills needed to design, operate and troubleshoot, and secure network software and hardware. Topics include:

- » Addressing
- » Physical infrastructure
- » Network architecture
- » Security threats
- » Mitigation techniques
- » Transmission Control Protocol/Internet Protocol (TCP/IP)
- » Network topologies
- » Security configuration parameters
- » Security compliance
- » Cryptography

Class is free. Mandatory orientation required prior to enrollment. Visit sdce.edu/job-training/computers/security-essentials/orientation to sign up for orientation.

Receive certificate by completing two courses:

COMP 608 Basic Network Configuration
COMP 609 Network Security Basics

CYBER SECURITY ANALYST

135 hours.

Examples of jobs you may be qualified for after completion of this program:

Information Security Analysts	\$30-45/hr.
Network and Computer Systems Administrators	\$24-37/hr.
Computer User Support Specialists	\$16-27/hr.

These certificate programs will teach cybersecurity architecture and tools. Students will use tools and guidelines to build a set of security policies and procedures. Students will also design a layered security architecture and analyze it for flaws. Students use industry standards for software security. The review, selection, and assembly of tools for performing threat and incident management will also be covered.

- » Topics include:
- » Cybersecurity architecture
- » Info security framework
- » Remediation of identity and access management issues.
- » Common exploits used to compromise identity
- » Data analytics to determine appropriate compensating controls
- » Defense-in-depth to secure networks and systems.
- » Secure coding as a part of the Software Development Life Cycle
- » Common cybersecurity tools & technologies

This is a great introductory program which, when combined with other network and security administration certificates, will help launch your Cybersecurity career.

Classes are free. Mandatory orientation required prior to enrollment. Visit <http://sdce.edu/job-training/computer-system-network-administration> to sign up for an orientation.

Receive certificate by completing three courses:

COMP 655 Cyber Threat and Vulnerability
COMP 656 Cyber Incident Response
COMP 657 Cyber Security Architecture

SHORT-TERM COURSES

NETWORKING & HARDWARE MAINTENANCE AND DATABASES

See p24 or visit sdce.edu for information about the Cisco Academy Certificate Program.

Hardware Service Technician

(COMP 612) Learn fundamentals in computer theory; maintaining and managing PCs; hardware and software concepts, including command line language and various peripherals. Students will learn through lecture and hands-on application, to effectively use diagnostic tools, troubleshoot, and repair computer malfunctions. Provides students with the knowledge and skills necessary for employment as an entry-level PC technician.

Classes are free. Mandatory orientation required. Please visit sdce.edu/job-training/computer-system-network-administration to sign up for an orientation (sign up for either a Security Essentials, Desktop Technician, or Cisco orientation).

INTRO TO CYBERSECURITY

An introductory course for those who want to explore the world of cybersecurity. Today's interconnected world makes everyone more susceptible to cyber-attacks. The course reviews cyber trends and threats, along with the broader topic of cybersecurity. You'll learn how to protect your personal privacy online while gaining insight into the challenges faced today by companies, government entities and educational institutions.

This class does not require an orientation.

North City Campus

8355 Aero Drive/92123 619-388-1800

Room 210

04/13/20-06/01/20 (9 weeks) Major, S
21037 M 06:00-09:00pm

Network Security Basics

This course provides the foundation and basic skills needed in computer and network security. Topics include identifying security risks, risk mitigation strategies, forensic procedures, incident response procedures and cryptography. Students will learn investigative techniques, types of threats, and application of security controls to maintain confidentiality, data integrity, and availability. Emphasis will be placed on security best practices and applying applicable policies, laws, and regulations.

Classes are free. Please visit sdce.edu/job-training/computer-system-network-administration to sign up for an orientation.

SHORT-TERM COURSES

DATABASE PROGRAMMING

Server Side Web Development

(COMP 644) Installation, configuration and management of web server application. Learn about the structure and components of static and dynamic websites, programming web applications, and database management. Introduction to web server software, programming languages used to create web applications, and how to use a database to create dynamic websites.

Classes are free.

MYSQL (ORACLE)

Learn the essentials of the SQL language using the popular MySQL/MariaDB database software. MySQL is used on websites like YouTube, Twitter, Facebook and employers like the US. Navy. Having some familiarity with MySQL and the SQL language can enhance your employment opportunities. Skills covered will include creating databases and tables, manipulating data, and introduction to managing MySQL.

César E. Chávez Campus
1901 Main Street/92113 619-388-1910

Room 316
01/27/20-03/23/20 (8 weeks) Aragon II, D
26870 M 06:00-09:00pm

Includes online instruction

MS SQL (MICROSOFT)

This introductory course in the SQL language will focus on using Microsoft SQL Server and Microsoft Tools to present SQL and database concepts. Microsoft extensions, often used for finance and analytical purposes, to the SQL language will be covered. Extensive examples and student labs will be used for practical learning.

César E. Chávez Campus
1901 Main Street/92113 619-388-1910

04/06/20-06/03/20 (9 weeks) Wassell, A
21049 Mandatory 1st mtg info at my.sdccd.edu

INTERNET OF THINGS

Learn how the Internet of Things (IoT) is changing the world and the skills needed to land a well-paying job. By the year 2020, it is predicted that 26 billion people, systems, and physical objects will connect and share data seamlessly over the internet. This course will explore how the IoT is bridging the gap between operational and IT systems, and the security concerns that must be considered. This course will use the Raspberry Pi to teach connectivity.

North City Campus
8355 Aero Drive/92123 619-388-1800

- Linux Server Administration
- Mobile Application Development
- Python Programming
- Virtual Data Center

CERTIFICATE PROGRAMS

The free, short-term Certificate Programs for Healthcare Careers are designed to help the beginning student, as well as students who are CNAs (Certified Nurse Assistants).

PERSONAL CARE ASSISTANT/ CAREGIVER

200 hours. Complete in 10 to 18 weeks.

Example of a job you may be qualified for after completion of this program:

Personal and Home Care Aide \$24,000-34,000/yr

Requires completion of two courses:

HLTH 609 Healthcare Careers

HLTH 610 Personal and Home Care Aide

Healthcare Careers

(HLTH 609) Provides an overview of the healthcare industry, career opportunities and the basic knowledge required for entry level positions in the healthcare profession. Topics include: business aspects of healthcare, delivery systems, services and specialties, regulations and mandates, workplace communication, safety issues, introduction to medical terminology, common diseases, legal and ethical issues, professional conduct, career pathways, and employment readiness.

Classes are free. Mandatory orientation is required prior to enrollment. Visit sdce.edu/job-training/health-career-training/orientation to sign up for an orientation.

Personal and Home Care Aide

(HLTH 610) Prepares the student to provide personal care to individuals in their homes and for employment in home care agencies and assisted living facilities. Instruction includes the role of the personal and home care aide or caregiver and procedures for assisting clients in performing their activities of daily living. Topics include communication, basic nursing skills, home safety, infection control, use of adaptive equipment, basic nutrition and meal preparation. Maintaining a clean, safe environment, emergency procedures, and workplace skills are integrated throughout the course. Students are advised to complete HLTH 609 prior to enrolling.

Classes are free. Mandatory orientation is required prior to enrollment. Visit sdce.edu/job-training/health-career-training/orientation to sign up for an orientation.

NURSING ASSISTANT TRAINING PROGRAM

400 hours. Complete in 16 to 20 weeks.

Examples of jobs you may be qualified for after completion of this program:

Nursing Assistant \$28,000-40,000/yr

Home Health Aide \$28,000-40,000/yr

Requires completion of two courses:

HLTH 605 Nursing Assistant Training

HLTH 606 Home Health Aide

Nursing Assistant Training

(HLTH 605) Prepares the student for the California Nurse Assistant certification exam and for employment as an entry-level health care worker in a skilled nursing facility or other healthcare organization or agency. The student will gain knowledge of basic nursing theory and practice nurse assistant procedures. Be trained to provide care to those who need assistance caring for themselves. Through lecture and hands-on skills practice, you learn to bathe, dress, feed, and assist patients with toileting as well as report changes in a patient's physical or mental status to the supervising nurse. You will learn: Professionalism, and ethics, effective communication and documentation, patients' rights and infection control. Includes: Observation and charting, vital signs, mobility assistance, and nutrition.

Classes are free. Mandatory orientation is required prior to enrollment. Visit sdce.edu/job-training/health-career-training/orientation to sign up for an orientation.

Class schedule will vary depending upon clinical placement.

NURSE ASSISTANT (REHABILITATIVE)

400 hours. Complete in 16-20 weeks.

Example of a job you may be qualified for after completion of this program:

Restorative Nurse Assistant \$28,000-40,000/yr

Requires completion of two courses:

(HLTH 605) Nursing Assistant Training
(HLTH 608) Restorative Nurse Assistant

Restorative Nurse Assistant

(HLTH 608) Advisory: Current California Certified Nurse Assistant certificate or work experience or courses in the field. Expands the knowledge and skills of the Certified Nurse Assistant to work as a Restorative Nurse Assistant in a skilled nursing facility or rehabilitation center. Students learn to use interventions that promote a patient's ability to adjust to living as independently as possible. Instruction includes supporting participation in activities of daily living, mobility, exercises, splints and adaptive devices.

Advisory: Successful completion of HLTH 605 or HLTH 610.

Classes are free. Mandatory orientation is required prior to enrollment. Visit sdce.edu/job-training/health-career-training/orientation to sign up for an orientation.

CERTIFICATE PROGRAMS

Two certificates are available in this program. You may complete both certificates, or you may choose a certificate based on the focus of different age groups.

CHILD DEVELOPMENT I

Examples of jobs you may be qualified for after completion of this program:

Childcare Workers and Home Daycare Professionals **\$13-18/hr.**

Focus is on newborn to age 3 years. Students generally complete this program in 12-18 months and will select a combination of classes from the list below for a total of four classes. A counselor will help you understand your options.

Required Class:

HMDV Family Home Day Care Training

***Focus Classes; Choose two:**

HMDV 610 Newborn to 12 months
HMDV 615 12 to 23 Months—Walking and Talking
HMDV 680 Families Learning Together
HMDV 630 Outdoor Classroom

***Elective Classes; Choose one:**

HMDV 545 Family Relations
HMDV 675 Foster Parenting
HMDV 690 Family Communication
HMDV 620 24 to 36 months—Discovering Me
HMDV 626 3 to 5 Years—Preschool Experience

CHILD DEVELOPMENT II

Examples of jobs you may be qualified for after completion of this program:

Preschool Assistant/Teachers **\$13-18/hr.**

Focus is on ages 3 to 5 years. Students generally complete this program in 12-18 months and will select a combination from the list for a total of four classes. A counselor will help you understand your options.

Required Class:

HMDV 533 Family Home Day Care Training

***Focus Classes; Choose two:**

HMDV 620 24 to 36 months—Discovering Me
HMDV 626 3 to 5 Years—Preschool Experience
HMDV 680 Families Learning Together
HMDV 630 Outdoor Classroom

***Elective Classes; Choose one:**

HMDV 545 Family Relations
HMDV 675 Foster Parenting
HMDV 690 Family Communication
HMDV 610 Newborn to 12 months
HMDV 615 12 to 23 Months—Walking and Talking

Family Home Day Care

(HMDV 533) A comprehensive introduction to issues common to Family Home Day Care Providers, including: licensing, record keeping and insurance; safety, facility preparations and regulations; illness and injury prevention; child growth and development; creative and enriching activities; communication with parents; behavior management and discipline; health, and nutrition. Emphasis on practical guidelines for building a successful and nurturing Family Day Care Home. This course is required for the Certificate Program and is eligible for 3 units of college credit in Child Development.

Classes are free. Enroll in class on the first day the class meets.

CERTIFICATE PROGRAMS

CHILD PARENT PARTICIPATION

The child parent participation courses are part of the child development career training program. Any student enrolled in these classes will complete the job training curriculum. It is important to note that any student may enroll in these courses and it is not necessary to be a parent with a child.

Newborn to 12 Months

(HMDV 610) Students gain knowledge of an infant's developmental process including physical, social/emotional, and cognitive, that takes place during the first year of life. Ideas for creating a caring and enriching environment that promotes positive infant development and family strength will be the focus of the course. Opportunities to develop skills in family communications, problem solving and stress reduction for new parents will be included. Only children between 0-12 months can participate. No other ages may attend.

Classes are free. Enroll in class on the first day the class meets.

West City Campus

SIMONE SCANO

Simone Scano traveled to the United States from a small town near Venice, Italy. Remembering his experience teaching Italian language to youth in Europe inspired him to explore a career path in child development. He completed the free Child Development Certificate program at San Diego Continuing Education (SDCE) in spring 2019. "I am happy I finally have the opportunity to study and work in early education. It is important for young children to have a positive male role model in their lives." Following SDCE, Scano was hired as a Preschool Assistant for the University of California San Diego Early Childhood Education Center.

CERTIFICATE PROGRAMS

CLOTHING CONSTRUCTION

288 hours. Complete in 24 to 36 weeks.

Examples of jobs you may be qualified for after completion of a program:

Alterations Expert	\$15,000-40,000/yr.
Seamstress (Casino)	\$22,000-34,000/yr.
Clothing Production Worker	\$22,214-39,832/yr.

Zippers, buttons and hemlines change over the years, but the fashion industry never goes out of style. If you like the idea of making clothes, you might be a good match for this comprehensive fashion production training program. Students learn beginning through advanced fashion/sewing skills.

Requires completion of four courses:

CLTX 620 Sewing Fundamentals I
CLTX 625 Sewing Fundamentals II
CLTX 630 Sewing Like a Professional
CLTX 635 Contemporary Tailoring

Sewing Fundamentals I

(CLTX 620) Emphasizes the development of basic sewing skills used to create apparel for individual clients, self and family. Focuses on pattern and fabric selection, basic construction techniques, pressing skills, and timesaving technologies. Selection, care and use of various types of sewing machines included.

Classes are free. Orientation is required prior to enrollment. Visit sdce.edu to sign up for an orientation.

In addition to free career training, San Diego Continuing Education (SDCE) gives back to the local community. SDCE's fashion students make brightly colored and kid-friendly patterned pillowcases to benefit local foster youth during a semi-annual Charity Sew event. SDCE has partnered with local charities for more than 5 years including, Rady Children's Hospital and Ryan's Case for Smiles and since then has donated 1,800 pillowcases to the city's most vulnerable populations. "Foster children use new pillowcases to put their personal belongings in when removed from their homes," said Tammie Pontsler, SDCE faculty. "Sewing is like paying it forward. When students learn how to make their own products it is empowering and then to share it with others is a big part of why we do this."

CERTIFICATE PROGRAMS

SEWN PRODUCT BUSINESS

324 hours. Complete in 50 weeks.

Examples of jobs you may be qualified for after completion of this program:

Small Business Owner **\$25.63**

Learn the ins and outs of developing a sewn product from concept to consumer in this entrepreneurial program. Turn ideas into your entrepreneurial sewn product business. Learn aspects of the sewn products business; develop a feasibility and marketing plan related to a conceptual product; sewn product manufacturing in industrial and home-based environments, and preparation for employment in the clothing construction industry.

Classes are free. Sign up for an orientation at sdce.edu

Requires completion of three courses:

CLTX 651 Sewn Product Business I
CLTX 652 Sewn Product Business II
CLTX 653 Sewn Product Business III

Sewn Product Business I

(CLTX 651) This course takes the student from sewn product concept to consumer. A feasibility plan will be created to see if the student's entrepreneurial idea has merit as a sewn product business venture. Instruction in employment preparation for either the global sewn product industry or for starting a sewn product business venture will be included.

Classes are free. Orientation is required prior to enrollment. Visit sdce.edu to sign up for an orientation.

EDUCATION

ABOUT

San Diego Continuing Education offers many low fee classes through our Community Education program.

Community Education courses are self-supporting, fee-based courses. Course fees range from \$5.00 to \$17.00 per instructional hour as approved by the SDCCD Board of Trustees.

These low fee classes provide diverse, personal, and professional enrichment to the San Diego Community.

- » Arts, Crafts & Jewelry Making
- » Business & Career Development
- » Dance
- » Fitness & Exercise
- » Foreign Languages
- » Health & Safety
- » Personal Development & Finance

HOW

Online pre-registration is mandatory for all Community Education classes. Visit communityed.sdce.edu for full course descriptions and find the Community Education schedule in the programs area of the web site. Your online registration and payment reserves your space in class. Register early to guarantee your place in class. Classes may be canceled due to low enrollment.

Payment for Class fees must be made via online registration. If a materials fee is required, it is listed with the class registration fees.

Changes may be made to class information after this schedule is printed. Visit communityed.sdce.edu for the most up-to-date information.

A full refund will be made if Community Education cancels a class. If you have registered for a class and you cancel at least three (3) business days prior to the start of the class, you will receive a full refund of the Class fee. You are not eligible for any refund beyond the three-day period. There are no tuition credits or transfers available beyond the three (3)-day refund period. No-shows are not eligible for a refund. A refund may take up to three weeks to process.

Requests for special accommodations must be made in writing three weeks in advance of the class.

Community Education

Arts, Crafts & Jewelry Making

Copper Enameling

Learn a contemporary approach to the fine art and craft of fusing glass to copper. Beginning, intermediate and advanced students are welcome. Beginning students will learn basic enameling techniques. Each session may focus on one or more advanced techniques. All students are welcome to participate in the advanced techniques. Intermediate and advanced students may work independently on their own projects with consultation from the instructor. Some creative projects can be jewelry, wall art, copper bowls and plates. Closed toe shoes are required to be worn in the classroom. The \$30 materials fee is included in the cost of the course.

Mandatory online registration required at communityed.sdce.edu

Become a Notary or Renew Your Commission

Generate more income by becoming a Notary Public! Learn how to perform valuable services by certifying or witnessing signatures on official documents. Notary Publics earn \$15 for each signature notarized. Notary skills are valuable in almost any industry: real estate, legal, medical and banking to name just a few. After becoming a Notary, train to become a Loan Signing Agent and make \$100 to \$300 per signing. You'll be a building a path to a rewarding and lasting career. Here are some comments from former students: "This class spurred my interest into a new career." "Excellent class! I will recommend it to others..." After becoming a Notary, train to become a Loan Signing Agent and make \$100 to \$300 per signing. You'll be a part of a rewarding and lasting career. Sign up for the Official Notary Exam at SDCC the Saturday following this seminar at 1:30 pm. Limited seating! The \$60 materials fee is included in the cost of the course.

Need to Renew your Notary Commission? Renewing Notaries are welcome to take our six-hour class. Renewing notaries must take the exam and submit livescan fingerprints again.

Due to limited seating, the cost for both notary classes are the same.

Sign up for the official Notary exam on the following Sat. 03/28/20

Class fee is \$135. Mandatory online registration required at communityed.sdce.edu

Child Visitation Monitor

Are you looking for a career opportunity which allows you to work within the community, gain valuable experience and make a difference in the lives of children and families? Consider becoming a professional child visitation monitor. Monitors can earn \$40 to \$60 per hour, depending on the case. Often times, based on issues of protection and safety, a judge will order that a child only have contact with a parent when a neutral third person is present during the visit. The monitor's responsibility is to ensure the safety and well being of the children involved. After completion of this course, monitors can apply at a visitation agency or work independently. This comprehensive course satisfies California's 24 hour training requirement. In this course, you will learn the state policies and procedures as well as your role as a monitor. Upon completion you will also receive a certificate of completion and forms necessary to register with San Diego County Court. Child visitation monitors must be at least 21 years old and have a clean record. The \$50 materials fee is included in the cost of the course. No class on 11/30.

Class fee is \$350. Mandatory online registration required at communityed.sdce.edu

Grant Development - Mapping the Course

Successful grant development is a combination of having the right idea combined with good writing, organization skills, attention to detail, and creativity. Whether you are looking to fund your nonprofit, or you want to learn a marketable skill, this class will help you understand what it takes to produce a successful grant application. During this hands-on, interactive class you will learn to preplan, develop the proposal, what the common elements of a grant are, how to align your mission, vision, and program activities to respond to a funding request, and you will learn tips to make your grant request compelling and fundable. The packet you receive will contain resources to support your quest for grant funding. Additionally, the course will provide practice in grant activity development that will support your understanding of the process. The \$15 materials fee is included in the cost of the course.

Singing for Beginners

Singing for Beginners is a fun, affordable introduction to singing, and is open to everyone. This singing class starts at the beginning and guides students, step by step, in the art of singing. The course includes vocal and body warm-ups, and relaxation techniques that aide in proper body positioning for healthy breathing and voice placement. Students learn voice and breathing techniques and exercises that can lead to vocal control, strength, health and longevity. This class provides students with the opportunity to sing for the pure joy of it! Whether you are a diva while driving, a rock star in the shower, a member of a choir, an aspiring recording artist, or preparing for that upcoming musical theater audition, this is the class for you! The \$5 material fee is included in the cost of the course.

Making Medicare Work for You

Intimidated by Medicare? Does it seem like a totally alien system that is far too complex? The truth is Medicare is amazingly simple since it only has a few parts and some basic rules. Understanding how it is structured is the key that will enable you to make the right choices for your health care and financial being. We will explore the different parts of Medicare, learn the rules, and then examine the various options offered by the private insurance companies. So bring all your questions and

concerns and you will leave class with the knowledge you need as well as the confidence in your ability to make Medicare work for you. The \$5 materials fee is included in the cost of the course

Medical Billing

Upon completion of this course, the student will be able to demonstrate and understand the role of the insurance biller by following Health Insurance Portability & Accountability Act (HIPAA) procedures, and the rules and regulations to ensure privacy of medical claims information and protected health information. Additionally, the course will cover training on performing billing and collections tasks for patients treated in outpatient and inpatient settings and on selecting appropriate treatment and diagnostic codes for the preparation of claims to be sent to insurance companies (paper and electronically) for reimbursement of services. The student will also learn how to bill commercial, private, HMO/PPO, Federal and State insurance plans, including eligibility, coverage and reimbursement methodologies. Learn to perform tasks associated with accounts receivable and revenue cycle. Enrollment in this course includes 24/7 access to web-based medical billing software that will be used to set-up a mock medical practice by creating a database with all pertinent information necessary to process paper and electronic claims, and run practice management reports. Prerequisite, ability to understand English and basic computer/internet skills. The \$100 materials fee is included in the cost of the course.

Personal Development & Finance

Buying and Selling Multi-Family Units

If you have experience owning single family homes as an investment and want to increase your cash flow, the next step for you may be in multi-family housing! Many investors acquire multi-family properties to diversify their portfolio and reduce risk of vacancy, while increasing cash flow. Multi-Family Homes allow you to have more rental income, not to mention you are purchasing each unit at a lower price per door than you would pay for the same amount of SFH's.

Learn:

- » Which markets are best for multi-family properties
- » Why there is less competition
- » How multi-family properties can increase net worth
- » Financing strategies for multi-family properties
- » Tax advantages
- » Economies of scale
- » Hiring the right property management team

Buy a Home with Down Payment Assistance

Find out how you can buy a home without having to save for a down payment or the other fees typically involved in buying a home. We will cover how to qualify for a loan, how to take care of any outstanding issues, what you will be signing, how you are protected, how you can lower your monthly payments while locking into a fixed interest rate loan (meaning your payments can not increase). Past participants are now homeowners. You can do the same using the step by step approach. It can be used both by people buying their first home and by people wanting to buy a home after experiencing a bankruptcy, foreclosure or short sale.

Class fee is \$42. Mandatory online registration required at communityed.sdce.edu

Real Estate Investing for Beginners

The U.S. housing market has made a huge comeback over the past two years with prices seeing double-digit gains year-over-year in many parts of the country. Interest rates are still at record lows but expected to last no more than another year or two at most, making this possibly the best time to buy real estate in our lifetime! But how do you get started? This class will give you all the basics for investing the right way and avoiding all the common mistakes. Learn how to successfully buy your first investment property including:

- » Tax benefits of owning investment property
- » What the media is saying about real estate
- » Which markets in the country to invest
- » How to analyze the financials (actual deals)
- » How to eliminate as much risk as possible
- » Wealthy vs. Middle class thinking
- » How to obtain the best financing for investors

Learn the potential financial freedom that comes from owning real estate investments. The \$10 materials fee is included in the cost of the course.

Cannabis Retail Dispensary Training

This course is designed for students seeking entry-level employment into cannabis retail dispensaries. As the industry becomes sophisticated, employees must have a basic level of cannabis knowledge to be considered for a position. The material will focus on medical and recreational cannabis, customer service, state legal compliance, health and safety and the internal operations of retail cannabis dispensaries. After the 6-hour training course, an access code will be given to take an on-line comprehensive exam. Upon completion, students will receive a cannabis retail dispensary certificate. Get started working in the cannabis retail dispensary industry today. The Introduction to Cannabis course is not a pre-requisite to the course but students without any knowledge of the cannabis plant are highly encouraged to enroll. Students will receive a training booklet, comprehensive exam and a certificate of completion. The \$50 material fee is included in the cost of the course.

216 hours. Complete in 18-36 weeks.

Example of a job you may be qualified for after completion of this program:

Bakers \$17,200-30,200/yr.

Develop professional skills and prepare for employment in the baking and pastry industries. Instruction includes theory and hands-on production; industry safety and sanitation guidelines, in-depth analysis of baking tools, ingredients, and measurement.

Class is free. Materials fee for food and supplies is \$135. Orientation is required prior to enrollment. Visit sdce.edu to sign up for an orientation. Plan to attend all classes to help ensure the class will be held. Classes may be canceled due to low enrollment.

Requires completion of two courses:

FDNT 627 Professional Bakeshop Skills
FDNT 628 Advanced Bakeshop Skills

Professional Bakeshop Skills

(FDNT 627) Beginning bakeshop skills, baking and pastry making. Explore basic culinary skills, theories and techniques used in working kitchens and bakeries. Prepare a variety of products and learn presentation. Recipes included. Industry techniques emphasized. Build skills for your catering or personal chef business. Students in the Professional Bakeshop career training program complete this class for one of the program requirements.

Classes are free. Materials fee for food and supplies is \$135. Orientation is required prior to enrollment. Visit sdce.edu to sign up for an orientation. Plan to attend all classes to help ensure the class will be held. Classes may be cancelled due to low enrollment.

RILEY GRIFFIN III

Riley Griffin, III enrolled in San Diego Continuing Education's (SDCE's) free career program for Culinary and Bakeshop to pursue his passion for cooking. His goal is to make catering his full-time career and to give back to low-income communities. "I've learned so much at SDCE from seasoning to plating techniques," he said. "I look forward to partnering with local organizations to help out people who are in need of food." Following SDCE, Griffin plans to expand his home-based catering business.

SHORT-TERM COURSES

Advanced Bakeshop Skills

(FDNT 628) Learn advanced bakeshop skills, for your catering or personal chef business, baking and pastry making. Explore the advanced culinary skills in the baking industry from baking theory and techniques to hands-on production techniques used in working kitchens and bakeries. Students will prepare a variety of advanced bakeshop products. Advanced plating techniques will be highlighted.

Class is free. Materials fee for food and supplies is \$135. Orientation is required prior to enrollment. Visit sdce.edu to sign up for an orientation. Plan to attend all classes to help ensure the class will be held. Classes may be cancelled due to low enrollment.

High School Diploma /Equivalency

JOINT HIGH SCHOOL DIPLOMA PROGRAM

Continuing Education offers two Joint High School Diploma Program options. Programs use many teaching styles in the classroom including group and individualized instruction, and maximize the use of technology. The Joint High School Diploma is in cooperation with the San Diego Unified School District. Please speak with a Continuing Education counselor at any campus to understand how the options work, and to find out how you can achieve this important educational goal.

Classes are free. Assessment and orientation required prior to enrollment.

High school classes are available for the following subjects:

- » Algebra 1 and 2 and Pre-Algebra 1 and 2
- » American Literature 1 and 2
- » Biology 1 and 2
- » Computer Literacy
- » Contemporary Voices 1 and 2
- » Economics
- » English 3 and 4
- » Government
- » Physics 1
- » Unifying Algebra and Geometry 1 and 2
- » U.S. History 1 and 2
- » World History 1 and 2

ABOUT

If you want to pursue a rewarding career or continue your education, then earning a high school diploma or equivalency is the most important step you can take.

Continuing Education classes offer review in reading, math, spelling, writing, communication, and critical thinking. Classes help you prepare for a high school diploma, or a test that can earn a California (CA) High School Equivalency Certificate.

The options for earning a CA High School Equivalency Certificate include the GED® Exam, the HiSET® (High School Equivalency Test).

HOW

Call or visit Student Services at a campus that's convenient to you, and find out how to get started (the process includes assessment, placement, orientation, and/or counseling).

César E. Chávez Campus
(Barrio Logan) 619-388-1910

Educational Cultural Complex
(Ocean View Blvd.) 619-388-4956

Mid-City Campus
(Fairmount Avenue) 619-388-4500

North City Campus
(Aero Drive) 619-388-1800

West City Campus
(Point Loma) 619-388-1873

HIGH SCHOOL EQUIVALENCY PREPARATION CLASSES/ADULT BASIC EDUCATION CLASSES

In addition to the traditional GED test, the California State Board of Education has approved two new tests as alternatives for students who need a California High School Equivalency Certificate. The tests are the HiSET (High School Equivalency Test) and theTASC® (Test Assessing Secondary Completion). Classes prepare students for these new tests. Contact the campus to make a free appointment with a counselor.

Classes are free. Assessment and orientation required prior to enrollment.

*Register at www.gedtestingservice.com

HiSET

The official HiSET® test is now available at West City Testing Center. \$165.00 for all five subject areas.

- » Take the test on paper
- » Five tests can be spread across multiple days
- » Test available in English and Spanish.
- » Register at www.hiset.ets.org

LAVETTE ARCIGA

Lavette Arciga, 32, took another chance to pursue her education when she enrolled in SDCE's Accelerated High School Diploma program in 2017. The mother of three traded her job of eight years in the food industry for a life changing opportunity, a San Diego Promise scholarship. "If I didn't take the chance on myself, I would still be at Starbucks and letting another year go by. The Promise scholarship gave me the opportunity to go to college and move on with my life." Following her studies at SDCE, Arciga transitioned to San Diego City College to advance her career in child development.

INARA DA ROCHA SIMPLICIO

Inara Da Rocha Simplicio dreamed of becoming an American citizen since coming to the United States (US) from Brazil three years ago. She enrolled in San Diego Continuing Education's (SDCE's) free English as a Second Language (ESL) classes and Citizenship program to prepare for the Naturalization Ceremony and her future in a new country. "SDCE offered many tools that I needed to take on challenges and opportunities that I couldn't even imagine." Simplicio achieved a Sociology degree back home in Brazil, where she worked as a high school teacher. Following her studies at SDCE, Simplicio has plans to become a teacher in the US.

ESL CLASSES

M/T/W/Th/F	08:30-11:30am
M/T/W/Th	11:45-01:45pm

ABOUT

English as a Second Language classes are offered at 6 campuses and many other locations in the community. There are morning, afternoon, and evening classes at 7 different levels, from beginning to advanced.

HOW

A Continuing Education student attendance card is required for all students. You may obtain a card in the Student Services Office at most Continuing Education campuses.

ESL classes are free! Before enrolling, most students are required to take a placement test. This test helps us determine the best level and classes for you. Please note that placement processes may vary slightly at different locations.

Choose a campus location that is close to you and visit during the registration times shown. Please make sure to have your student attendance card or valid photo. I.D.

For Citizenship classes (p43), go to class when the class meets and register in class.

For Computer Labs (p45-46) or special Classes including on-line and partially On-line classes, (p46-49), go to class when the class meets and register in class.

Search for classes online at
sdce.edu

Pre-Vocational ESL (VESL)

ESL + WORKPLACE COMMUNICATION

Learn English and develop workplace oral and written communication skills. Focus on academic English and work-related soft skills. Develop speaking, vocabulary, reading, writing, grammar and computer skills. Research career and vocational pathways for advancement and success. Develop a resume/cover letter and prepare for job interviews.

Classes are free.

TRANSITION TO COLLEGE

pathways to SUCCESS

Excellence in Career, College and Life Preparation

ESL Transition to College Level 6-7

Practice the English you need to succeed in college. The course focuses on reading, writing, taking notes from lectures, and college-level essay writing. You also learn about college programs and how to apply to college. For partially-online classes, students must be enrolled in both regular and online class to receive certificate.

Classes are free.

PARTIALLY ONLINE ESL CLASSES

Partially-online classes offer students a flexible, unique and integrated in-classroom and on-line learning environment experience.

PARTIALLY ONLINE ENGLISH + WORKPLACE COMMUNICATION INTERMEDIATE LEVEL 5

Learn academic and workplace skills at the intermediate level while focusing on listening, speaking, grammar, reading, vocabulary and writing. Critical thinking, numeracy, soft skills, digital literacy and cross cultural understanding will also be integrated throughout this course. Students must attend weekly face-to-face classroom sessions as well as weekly assignment sessions per week on-line. Students who enroll in and successfully complete the regular and online class can receive a certificate. Mandatory onsite attendance at the first class session required.

Disability Support Programs and Services

ABOUT

The Disability Support Programs and Services (DSPS) mission is to offer a variety of classes and services designed to facilitate the success of students with disabilities in reaching their educational, personal, and vocational goals.

Support services and assistive technology are available so students can participate as fully as possible in classes and programs.

In addition to the classes in this section, accommodations can be provided for any eligible student who has a verified disability. If you have a disability and you need support services, contact a DSPS counselor. Provision of accommodations may take up to one month so contact a counselor as soon as possible to request assistance.

HOW

Contact Information

Students must contact DSPS before enrolling in any of the classes listed in this section. Ask for the DSPS Counselor.

CE at Mesa College
(Armstrong Place) 619-388-1952

César E. Chávez Campus
(Barrio Logan) 619-388-1910

WORKABILITY III

WorkAbility is a partnership between the California Department of Rehabilitation (DOR) and the San Diego Community College District (SDCCD) that provides comprehensive career counseling services to students with disabilities. Students must be a client of DOR, and enrolled in a Continuing Education class to access this service.

Services meet specific needs as they relate to counseling and support for Certificate Programs; career exploration; work experience; internships; job search assistance; on-the-job accommodation, and job retention. For more information, call 619-388-6984 or email Jamila DeCarli jdecarli@sdccd.edu

Adaptive Arts and Crafts

(DSPS 653D) Introduction to various art media for students with disabilities. Focus on appreciation, creative expression, tools, techniques, and production of individual projects.

Emeritus Program

/Art

ABOUT

The Emeritus Program challenges adults to stay intellectually stimulated, socially engaged and physically fit. A variety of courses meet the diverse needs of an aging population. Classes such as Brain Fitness, Music Appreciation, and the Writer's Workshop are designed to benefit the mind, while others such as Health and Wellness, Nutrition, and Tai Chi benefit the body. Instruction is specifically designed for adults 55+ years and helps students maintain independence, rejoin the workforce and be actively engaged in the community.

- » Retirement Living
- » Social Studies

HOW

All classes are free and students may enroll at any time. Because some classes fill quickly, it is advisable for students to enroll on the first day when possible to secure a space.

Look also online for further information at sdce.edu

Art Appreciation

(ARTS 507) The history and development of art through the ages. Primary focus: how artists have depicted life and our environment through various visual mediums including, but not limited to, drawing, painting and sculpture.

ONLINE CONTEMPORARY ART HISTORY

Weekly lessons on a contemporary artist who is shaping the art world today. Stay up to date with current art news and upcoming exhibitions in San Diego. Group discussions online and short writing assignments will create stimulating conversations on contemporary art.

Students must attend a mandatory orientation on 1/28, 10:00-12:00pm at the Lawrence Family Jewish Community Center, 4126 Executive Dr./92037, Library.

EXPLORING MEMOIR: THE STORIES OF OUR LIVES

Every life contains many stories. Whether your life is wildly unconventional or relatively normal, there is bound to be something fascinating about it. In this lass, well work to unearth our unique stories and the details that bring them to life. Each week we'll do a writing prompt that helps us brainstorm and uncover new memories and discuss techniques for shaping them into stories we can share with others. Whether you're a beginning writer or advanced, this course will help you explore memory in new ways.

Health and Wellness for the Aging Process

Classes provide instruction in health and wellness topics which are supported with corresponding physical activities. Classes are divided into four levels to meet the varying health and physical activity levels of older adults. Please review the description of each level below and select the class that is best suited to your needs. Instruction is focused for age 55+; adults age 18+ welcome.

LESS TO MODERATELY ACTIVE

For age 55+ who engage in less to moderately active health regimes and physical activities. Provides a focus on health content supported by physical activities that include chair and standing exercises, strength training, balance, stretching, and stress reduction techniques. Some classes also include the option of floor exercises and/or walking activities. Wear appropriate clothing and shoes for physical activity.

Spring 2020 City College Classes at the Educational Cultural Complex (ECC)

San Diego City College offers day and evening college credit classes Monday through Thursday at the Educational Cultural Complex, 4343 Ocean View Blvd., San Diego, CA 92113, 619-388-4883. Most classes are transferable to four-year institutions. Check with a counselor for details. Easy, on-campus parking with permit, \$40 in the Cashier's Office, 619-388-4886. Application and registration is the same for Educational Cultural Complex classes as it is for other City College classes.

The Educational Cultural Complex is easily accessible. Off 805 south, take the Imperial Ave. Exit, west to 45th. Turn left. Go to the stop sign at Ocean View Blvd. Turn right. Half a block up on the left-hand side you will see the campus in a beautiful park-like setting.

SAN DIEGO
CITY COLLEGE

General Information

Open enrollment

It is SDCCD policy that, unless specifically exempted by statute, every course, course section or class, the attendance of which is to be reported for state aid, where offered and maintained by the district, shall be fully open to enrollment and participation by any person who has been admitted and who meets such prerequisites as may be established pursuant to Chapter 11, Div. 2, Part VI, Title 5 of the California Administrative Code, commencing with Sec. 51820.

Nondiscrimination

SDCCD policy prohibits discrimination on the basis of race, national origin, age, sex and disability in accordance with state and federal law, Ed. Amend. of 1972, Title IX, the 504 Provisions of the Rehabilitation Act of 1973 and the Americans with Disabilities Act. Complaints alleging noncompliance with this policy should be directed to Lynda Reeves, Site Compliance Officer at 619-388-1827.

Title IX and Campus SaVE Act

San Diego Community College District (SDCCD) is committed to a safe and equitable learning environment for all students and employees. SDCCD has a Title IX and Campus SaVE Act website at <http://www.sdccd.edu/titleix/> that provides students with important resources, policies and instructions on how to prevent and report incidents of sexual violence to the Title IX coordinator on each campus.

Student rights, responsibilities & code of conduct

(Policy 3100) Students are subject to adhering to the policies and procedures of the San Diego Community College District, as well as all federal, state, and local laws. Students are subject to charges of misconduct concerning, but not limited to, the following acts when committed on District-owned or controlled property or at District-sponsored activities:

- » Academic misconduct or dishonesty as specified in Procedure 3100.3, Honest Academic Conduct.
- » Forgery, alteration, falsification, or misuse of campus/District documents, records, electronic devices, or identification.
- » All forms of nonacademic dishonesty, including but not limited to fabricating information, any form of bribery or knowingly furnishing false information or reporting a false emergency to officials acting in an official capacity.
- » Act or threat of damage to, or theft of property belonging to, or located on District-controlled property or facilities.
- » The physical or verbal disruption of instructional or student services activities, administrative procedures, public service functions, authorized curricular or co-curricular activities, the orderly operation of the campus, or prevention of authorized visitors from carrying out the purpose for which they are on campus.
- » Physical, verbal, or written intimidation or harassment of such severity or pervasiveness as to have the purpose or effect of unreasonably interfering with a student's academic performance, or a District employee's work performance, or of creating an intimidating, hostile, or offensive educational or work environment.
- » Any expression which is obscene, libelous or slanderous according to current legal standards, which so incites others as to create a clear and present danger of the commission of unlawful acts, or the substantial disruption of the orderly operation of the college/campus District.

- » Physical altercation or threats of violence including assault or battery upon a student or District personnel on District premises or at any time or place while under the authority of District personnel.
- » Unlawful conduct of a sexual nature including but not limited to indecent exposure, prostitution, voyeurism, or loitering for the purpose of soliciting or engaging in any lewd act or conduct.
- » Any conduct that threatens the health or safety of any person, including oneself.
- » Participation in hazing (California Education Code Sections 32050 through 32052).
- » Possession of weapons, explosives, unlicensed dangerous chemicals or objects which may be used as weapons or to threaten bodily harm, as specified in the California Penal Code or other applicable laws.
- » Conduct which is in violation of federal, state, or local laws or ordinances; while on District premises or at District-sponsored or supervised activities. (Ref. 76020, 76120)
- » Failure to comply with directions of staff members of the District who are acting within the scope of their employment. Continued and willful disobedience or open and persistent defiance of the authority of District personnel providing such conduct is related to District policies, activities or college/campus attendance.
- » Smoking on District premises, or in vehicles provided by the District used for transporting students; except as permitted by applicable ordinances, laws, college and district guidelines and procedures.
- » Use, possession, distribution, or sale of alcoholic beverages on campus except as permitted by law.
- » Use, possession, distribution, manufacture or sale of narcotics or other hallucinogenic drugs or substances or inhaling or breathing the fumes of, or ingesting, any poison classified as such by the California Business and Professions Code Section 4160, Schedule "D," except as provided by law, is prohibited when on district premises.
- » Violation of Policies & Procedures for Student Organizations as enumerated in Manual 3200.

Confidentiality

Federal and state laws and SDCCD policy require complete confidentiality of student records. On request, a complete statement of District policy regarding student records will be provided.

Crime awareness and campus security

The San Diego Community College District Annual Security Report, titled: "Safe and Sound, a guide to safety and security in the San Diego Community College District," includes statistics for the previous three years concerning reported crimes that occurred on campus; in certain off-campus buildings or property owned or controlled by the San Diego Community College District; and on public property within, or immediately adjacent to and accessible from, the campus. The report also includes institutional policies concerning campus security, such as policies on drug use, crime prevention, the reporting of crimes, sexual assault and other matters. You can obtain a copy of this report by contacting any campus admissions office, Vice President or Student Services office or college police business office. At anytime you may view a full copy by accessing the following website: <http://www.sdccd.net/policy/statistics.html>

Drug and alcohol abuse

Policy 3100 states that use, possession or distribution of narcotics or other controlled substances is prohibited. A student may be suspended or expelled for violation of this policy. A complete list of legal sanctions, as well as information on drug treatment and prevention is available from the campus office.

Smoke and Tobacco-Free District Property

Board Policy 0505, Smoke and Tobacco-Free District Property. The District recognizes the fact that individual health can be impaired both by the direct and by the secondary effects of smoking. The District, therefore, prohibits smoking and the use of tobacco products on all properties and in all vehicles owned or controlled by the District. "Smoking" is defined as inhaling, exhaling, burning, or carrying any lighted or heated cigar, cigarette, pipe, or any other lighted or heated tobacco or plant product intended for inhalation, in any manner or in any form. For the purposes of this procedure, the use of smokeless tobacco products is also prohibited. A "tobacco product" is defined to include any combustible substance used in smoking as well as smokeless or spit tobacco, also known as dip, chew, snuff, or snus, in any form. "Smoking" or "smokeless" also includes the use of an e-cigarette which creates a vapor, in any manner or in any form, or the use of any oral smoking device for the purpose of circumventing the prohibition of smoking in this regulation.

Plagiarism

The faculty and staff at San Diego Continuing Education believe academic honesty is one of the fundamental basis for the academic community. To this end, we wish to assist students in defining acceptable standards of academic honesty as they pertain to written work. Penalties may be assigned for any form of academic dishonesty. Plagiarism is defined as follows: to take and pass off as one's own work the work or ideas of another. This includes taking material from the Internet.

Minor Children on Campus

Minor children who are not enrolled are not permitted in any classroom at any time. Minor children who are not enrolled are not to be left unattended at any time while on the campus.

Official GED® Test

The Official HSE (High School Equivalency) Tests are given at the West City Testing Center located at: 3249 Fordham Street, San Diego, CA 92110. Call 619-388-1873 for information.

The GED® Test fee is currently \$140.00 for the complete battery (4 subject areas). You must register and pay at www.GEDtestingcenter.com.
Test available in English and Spanish*.
Four tests can be spread across multiple days.

The HiSET® Test fee is currently \$140.00 for the complete battery (5 subject areas). You must register and pay at www.hiset.ets.org.
Test available in English and Spanish.
Take the test on paper.
Five tests can be spread across multiple days

Accommodations are available for test takers with diagnosed disabilities or health related needs.

Those who successfully pass will earn a high school equivalency certificate.

WHY PARTNER WITH US ?

» We know the local market.

We understand local business trends and economies, and we work with regional subject matter experts to customize our programs, delivering the specific return-on-investment benchmarks that businesses are looking for.

» We understand how adults learn.

Training programs come online, in-person, or blended model formats, with wrap-around services such as one-on-one coaching, pre and post-work, needs assessments, and post-program evaluations. No one client is the same, and we don't try to make it that way.

» We have a size & scope that sets us apart.

With unparalleled access to curriculum and subject matter experts, flexible scheduling and delivery formats, and projects managed through one consistent source, ETI can manage a wide scope of projects for a business of any size or industry.

Let us help you take your company to the next level.
